American origins and of American enterprise in microcosm While much of that history has been lost to sight especially after Prohibition the recovery of the record has been the goal of many investigators over the years and the results are here brought together for the first time In print in its entirety for the first time A History of Wine in America is the most comprehensive account of winemaking in the United States from the Norse discovery of native grapes in 1001 A D through Prohibition and up to the present expansion of winemaking in every state **North Carolina and Its Resources** North Carolina.
