Mit mehr als 500 Abbildungen, darunter noch nie veröffentlichten Originalfotos namhafter Sammler und Archive. Panzer Crewman Simon Forty, Richard Charlton-Taylor, 2025-02-28. Great detailed shots and drawings for those looking for references in their models. Highly recommended for beginners to advanced builders. AMPS. The German Panzerwaffe ripped up the rulebooks of war that had been laid down by the grinding slaughter of the trenches of World War I. Armored vehicles, close air support, and bold leadership based on mission command, Auftragstaktik, cut a deadly swathe through the armies of east and west Europe. The Panzers made a significant contribution to Nazi successes; they remained steadfast in defense as their conquests slipped away, their grasp from the apogee at Stalingrad and El Alamein in late 1942 through the long years of retreat to final defeat. Attrition and overwhelming odds blunted the opportunities for advances, but with increasingly powerful weaponry the Panzerwaffe stiffened the German defensive backbone right to the end. Part of the reason for these successes was undoubtedly the Panzers themselves, but it wasn't just the weapons that led to the Panzers' successes; it was the way they were handled. A weapon is only as good as those who use it, and the Panzertruppen, from higher command down to individual crew members, proved themselves to be very good at using their weapons. Not just the men who fought in the tanks but those who maintained them and kept them in the field recovered and rebuilt the casualties and dealt with the over complexity of design and the huge variety of types of tank weapon and ammunition. Selection and training standards so good in the early war years may have dropped off as wartime exigencies bit deep, but from 1939 to 1945 German Panzer crew were second to none. This Casemate Illustrated provides a full introduction to the role and experience of the Panzer crewman. *Panzer der Wehrmacht* Alexander Lüdeke, 2024-03-28. Die Vorzüge der Reihe Typenkompass werden auch in diesem Band wieder deutlich. Ein kurzer aber fundierter Überblick über die wichtigsten Panzerentwicklungen der Wehrmacht. Von den Infanterieschleppern und leichten Panzerkampfwagen über die schweren Panzertypen bis hin zu Panzerhaubitzen, Sturmgeschützen und Flakpanzern. Jedes Fahrzeug wird mit kurzem Text, Bildern und einer Tabelle mit den

wichtigsten technischen Daten vorgestellt teilweise ergänzt um Farbzeichnungen mit Tarnmuster und Einsatznummern Ein typischer Typenkompass der so das Urteil vieler Leser wesentlich mehr hält als er verspricht und das zu einem Preis zu dem man nichts falsch machen kann

Artillery Warfare, 1939-1945 Simon Forty, Jonathan Forty, 2020-11-25 From mountain warfare with guns on mules to V2 rockets and everything between makes it well worth a place on anyone's reference shelf Clash of Steel It is said that artillery won the Second World War for the Allies that Soviet guns wore down German forces on the Eastern Front negating their superior tactics and fighting ability and that the accuracy and intensity of the British and American artillery was a major reason for the success of Allied forces in North Africa from El Alamein in Italy and Normandy and played a vital role in the battles of 1944 and 1945 Yet the range of weapons used is often overlooked or taken for granted which is why this highly illustrated history by Simon and Jonathan Forty is of such value They stress the importance of artillery on every front and analyze how artillery equipment training and tactical techniques developed during the conflict The selection of wartime photographs many from east European sources and the extensive quotations from contemporary documents give a graphic impression of how the guns were used on all sides The photographs emphasize the wide range of pieces employed as field anti-aircraft and anti-tank artillery without forgetting self-propelled guns coastal and other heavyweights and the development of rockets The authors offer a fascinating insight into the weapons that served in the artillery over seventy years ago Superbly illustrated this is testament to the courage and skills of extraordinary men in the execution of their duty An amazing book Books Monthly
