Sean Lemass The Enigmatic Patriot

**Thomas E. Hachey, Lawrence J.
McCaffrey**

Sean Lemass The Enigmatic Patriot:

Sean Lemass: The Enigmatic Patriot John Horgan, 1997-10-01 The definitive biography of Se n Lemass the finest Taoiseach in the history of the Irish State There are few facets of Irish life which do not owe something to the genius effectiveness or determination of Lemass Horgan s biography explores that contribution quite brilliantly Bertie Ahern The Irish Times As a boy Se n Lemass fought in the 1916 rising He was a member of de Valera s first cabinet Minister for Industry and Commerce in every Fianna F il government between 1932 and 1959 and as Taoiseach from 1959 to 1966 was the pivotal figure in the modernisation of Ireland The Lemass that emerges from this fine book is an enigma and a passionate patriot a protectionist who later became an apostle of free trade a moderniser in what was often a party of traditionalists John Horgan s excellent biography is the work of a critical admirer who sees his subject as one of the most outstanding Irish political figures of the century The only biographer to have had complete access to all the government papers for the full period of Lemass s political career Horgan provides us with a rounded sympathetic yet critical examination of the life of one of twentieth century Ireland s most distinguished figures a comprehensive and thoughtful work worthy of the subject it lives up to its billing as a major biography of the Fianna F il leader Stephen Collins The Sunday Tribune Se n Lemass was not only one of the most formidable but for all his apparently bluff straightforwardness one of the most elusive personalities in the history of twentieth century Ireland John Horgan s study skilfully crafted and elegantly expressed is a major biography of a major figure greatly enhancing our understanding of the making of modern Ireland J J Lee author of *The Modernisation of Irish Society* 1848 19 **Seán Lemass** John Horgan, 1997 **Sean Lemass** Bryce Evans, 2011-08-17 Se n Lemass enjoys unrivalled acclaim as the Architect of Modern Ireland Yet there remain great gaps in our knowledge of this mythic figure and his golden age Up to now Lemass a colossus of twentieth century Irish history was airbrushed to fit a narrative of national progress Today this narrative is undergoing an agonising reappraisal This groundbreaking study reveals the man behind the myth and asks questions previously skirted around What emerges is an authoritarian cunning workaholic patriot a shrewd political tactician whose impatience lay not just with the old Ireland but with democracy itself This is the untold story of a great man and his lasting impact on a nation s imagination *A New History of Ireland Volume VII* J. R. Hill, 2010-08-26 A New History of Ireland is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day Volume VII covers a period of major significance in Ireland s history It outlines the division of Ireland and the eventual establishment of the Irish Republic It provides comprehensive coverage of political developments north and south as well as offering chapters on the economy literature in English and Irish the Irish language the visual arts emigration and immigration and the history of women The contributors to this volume all specialists in their field provide the most comprehensive treatment of these developments of any single

volume survey of twentieth century Ireland *Demography, State and Society* Enda Delaney, 2000 The process of migration is associated with longing homesickness the shock of exposure to a new culture and sometimes escape and freedom Between the foundation of the new Irish state in 1921 22 and the early 1970s approximately one and one half mill Ireland during the Second World War Bryce Evans, 2016-05-16 In the first book detailing the social and economic history of Ireland during the Second World War Bryce Evans reveals the real story of the Irish emergency Revealing just how precarious the Irish state's economic position was at the time the book examines the consequences of Winston Churchill's economic war against neutral Ireland It explores how the Irish government coped with the crisis and how ordinary Irish people reacted to emergency state control of the domestic marketplace A hidden history of black markets smugglers rogues and rebels emerges providing a fascinating slice of real life in Ireland during a crucial period in world history As the first comparison of economic and social conditions in Ireland with those of the other European neutral states Spain Sweden Switzerland and Portugal the book will make essential reading for the informed general reader students and academics alike *Preventing the Future* Tom Garvin, 2004-08-24 Between the years of the mid thirties through to 1960 independent Ireland suffered from economic stagnation and also went through a period of intense cultural and psychological repression While external circumstances account for much of the stagnation especially the depression of the thirties and the Second World War Preventing the Future argues that the situation was aggravated by internal circumstances The key domestic factor was the failure to extend higher and technical education and training to larger sections of the population This derived from political stalemates in a small country which derived in turn from the power of the Catholic Church the strength of the small farm community the ideological wish to preserve an older society and later gerontocratic tendencies in the political elites and in society as a whole While economic growth did accelerate after 1960 the political stand off over mass education resulted in large numbers of young people being denied preparation for life in the modern world and arguably denied Ireland a sufficient supply of trained labour and educated citizens Ireland's Celtic Tiger of the nineties was in great part driven by a new and highly educated and technically trained workforce The political stalemates of the forties and fifties delayed the initial incomplete take off until the sixties and resulted in the Tiger arriving nearly a generation later than it might have **Policy Concertation and Social Partnership in Western Europe** Stefan Berger, Hugh Compston, 2002-02 Policy concertation the determination of public policy by means of agreements struck between governments employers and trade unions continues to thrive in Western Europe despite the impact of liberalizing trends that were expected to lead to its demise This volume brings together a team of 23 experts with the aim to undertake paired historical and political studies of policy concertation in ten West European countries which were then subjected to systematic comparative analysis It shows that overall the incidence of broad policy concertation in Western Europe can be explained by the changing configurations of just three variables **Parliaments and Pressure Groups in Western Europe** Philip Norton, 2012-12-06 Pressure groups are

fundamental to pluralist societies But what is the relationship between those groups and parliaments This work explores the links between parliaments and pressure groups assessing the extent and impact of the contact that occurs Is pressure group activity beneficial to parliament And what are the implications for the political system *The Irish Experience Since 1800: A Concise History* Thomas E. Hachey, Lawrence J. McCaffrey, 2015-01-28 This rich and readable history of modern Ireland covers the political social economic intellectual and cultural dimensions of the country s development from the origins of the Irish Question to the present day In this edition a new introductory chapter covers the period prior to Union and a new concluding chapter takes Ireland into the twenty first century All material has as been substantially revised and updated to reflect more recent scholarship as well as developments during the eventful years since the previous edition The text is richly supplemented with maps photographs and an extensive bibliography There is no comparable brief multidimensional history of modern Ireland **Palgrave Advances in Irish History** M. McAuliffe, K. O'Donnell, L. Lane, 2009-04-27 This book provides a much needed historiographical overview of modern Irish History which is often written mainly from a socio political perspective This guide offers a comprehensive account of Irish History in its manifold aspects such as family famine labour institutional women cultural art identity and migration histories **The Harp and the Shield of David** Shulamit Eliash, 2007-04-05 Shedding light on Irish and Israeli foreign policy Eliash examines the relationship between Ireland and the Zionist Movement and the state of Israel from the context of Palestine s partition and the delay in Ireland s recognition of the State of Israel until 1963 *Arthur Griffith* Owen McGee, 2015-09-14 As a working class Dubliner who played a crucial role in inspiring and leading D il ireann in its formative stages Arthur Griffith s life and world is one of the greatest windows into understanding the dynamics of the Irish revolution Owen McGee s authoritative biography is based on fascinating original research and presents a fresh analysis and interpretation of Griffith s life and the economic basis of the political history of the era Griffith has been typified as the last Young Irelander and Owen McGee s masterly account reflects on this by examining the very different conceptions of Irish nationalism that existed before and after the formation of the Irish state It also suggests that Griffith s belief in the importance of economic freedoms and the ability of an independent Ireland to provide for its own people was an ideal that inspired the subsequent evolution of the Irish state Harold Macmillan: Aspects of a Political Life R. Aldous, S. Lee, 1999-06-07 Even 35 years after Harold Macmillan s resignation in 1963 opinions are sharply divided over his achievements as a politician and prime minister This volume contributes to the debate about Macmillan s political role his successes and his failures by examining key aspects of his political life Biographers historians and contemporaries present facets of Macmillan s life his political visions his skills successes and failures in his personal life as well as in his domestic and foreign policies With most official papers covering his active political life until his resignation now in the public domain a more considered judgement about his party political and his governmental activities is possible Taking account of this newly available documentary evidence there is much yet to be written on Harold Macmillan s career

but this collection bears witness to the fact that his was a magnificent life

The Oxford History of British and Irish Catholicism, Volume V Alana Harris, James Edward Kelly, John David McCafferty, 2023 The fifth volume of The Oxford History of British Irish Catholicism which assembles synoptic chapters from leading historians of modern Catholicism offers a comprehensive and accessible overview of the changing contours of the Church on two islands and with connections across the world throughout the twentieth century

The Lost Art of Banking Aisling Tuite, 2019-02-27 This Palgrave Pivot explores the recent financial crisis from a new perspective Reflecting on 40 years of banking experiences the book will open new avenues to understanding banking and comment on possible ways to rehabilitate banking organisations In 1965 the Bank of Ireland received a consultancy report from McKinsey Company which heralded a new phase in banking practice and organisation In the years that followed the Bank of Ireland opened up its once traditional culture to outside influences changing the way work was done and workers were viewed Direct competition was introduced alongside specialisation of roles and hence college education was identified as the way to meet demands of the market and bankers began to develop a full suite of products to keep customers loyal The once professional bank manager who was a guardian of good practice eventually became absorbed into the needs of the leviathan organisation The end result is an unimaginable and interlinked financial crisis in 2008 that swept across Ireland and the globe This book explores banking organisation and practice as it transforms and across the period from 1960 to 2018 It argues that organisational goals over individual responsibility paved the pathway towards crisis Organisationally anxiety and fear of failure took the place of certainty and stability While the financial crisis is coming to an end banking organisations remains fragile and prone to influences that may lead them towards a path of continuous cycles of boom and bust Such a state has the potential to create an unending cycle of boom and bust and the end of stability and the institution of banking This book shines a light on that and will be of interest to banking and finance researchers students and practitioners

The Politics and Polemics of Culture in Ireland, 1800-2010 Pat Cooke, 2021-09-30 As a contribution to cultural policy studies this book offers a uniquely detailed and comprehensive account of the historical evolution of cultural policies and their contestation within a single democratic polity while treating these developments comparatively against the backdrop of contemporaneous influences and developments internationally It traces the climate of debate policies and institutional arrangements arising from the state's regulation and administration of culture in Ireland from 1800 to 2010 It traces the influence of precedent and practice developed under British rule in the nineteenth century on government in the 26 county Free State established in 1922 subsequently declared the Republic of Ireland in 1949 It demonstrates the enduring influence of the liberal principle of minimal intervention in cultural life on the approach of successive Irish governments to the formulation of cultural policy right up to the 1970s From 1973 onwards however the state began to take a more interventionist and welfarist approach to culture This was marked by increasing professionalization of the arts and heritage and a decline in state support for amateur and voluntary cultural bodies That the

state had a more expansive role to play in regulating and funding culture became a norm of cultural discourse Ireland, Memory and Performing the Historical Imagination Mary P. Caulfield, 2014-12-09 This book explores the performance of Irish collective memories and forgotten histories It proposes an alternative and more comprehensive criterion of Irish theatre practices These practices can be defined as the rejected contested and undervalued plays and performativities that are integral to Ireland's political and cultural landscapes *A Secret History of the IRA* Ed Moloney, 2002 A portrayal of the Irish Republican Army includes coverage of its associations with Qaddafi's regime Margaret Thatcher's secret diplomacy with Gerry Adams and the Catholic Church's negotiations with Republican leadership *Defending Ireland* Eunan O'Halpin, 1999-07-22 This fascinating and original book is the first to analyse the evolution of internal security policy and external defence policy in Ireland from independence to the present day Professor O'Halpin examines the very limited concept of external defence understood by the first generation of Irish leaders going on to chart the state's repeated struggles with the IRA and with other perceived internal and external threats to stability He explores the state's defence and security relations with Britain and the United States and drawing extensively on newly released records he deals authoritatively with problems of subversion espionage counterintelligence and codebreaking during the Second World War In conclusion the book analyses significant post Second World War developments including anti communist co operation with Western powers the emergence of UN service as a key element of Irish foreign and defence policy the state's response to the Northern Ireland crisis since 1969 and Ireland's difficulties in addressing the collective security dilemmas facing the European Union in the post Cold War era It is essential reading for anyone wishing to understand the development of independent Ireland since 1922

Unveiling the Magic of Words: A Report on "**Sean Lemass The Enigmatic Patriot**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their capability to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring.
