Search for the Starblade Keith Taylor , The champion of ancient Ireland on a quest for blood and magic A WARRIOR S QUEST The swordplay of Oghmal brother to the Queen of the Danans is celebrated throughout the isle of Tirtangir Yet nowhere can he find a weapon worthy of his warrior s prowess Legend has it that a blade fashioned from a fallen star will be indestructible and will defeat all sorceries and spells For such a star stone Oghmal must leave the shores of ancient Ireland and journey in search of an enchanted island one which appears only at sunset shining beneath the sea or floating in the sky at sunrise There the secret lies and peril beyond imagining PRAISE FOR KEITH TAYLOR S BARD SERIES For lovers of magic history and or swashbuckling adventure BARD is an exciting novel Science Fiction Review *Searching for a Leftist Constitutionalism* Ronald Car, 2024-07-12 Is there a viable leftist constitutionalism that we can juxtapose with liberal constitutionalism or is there really no alternative If the left is considered an a priori enemy of the principle of the rule of law the equal chance condition proves illusory Accordingly those asking for changes to social institutions will deem constitutionalism undemocratic Hence in our times of silent de constitutionalization at the global level and rising populism and democratic backsliding at the national level this book offers a valuable opportunity to reconsider one of the founding principles of liberal constitutionalism the Rechtsstaat It re examines the controversies that accompanied the affirmation of the concept in a long term perspective from 1848 to the post World War II constitutional debates Since 1848 the German left has challenged the dominant liberal view of legitimacy mainly by adopting Marx s critique of the ideology of law and the state Thus the left has had to challenge not only the established order but also the mainstream political and legal culture generated by the liberal discourse on rights In search of constitutional viability the left has oscillated between two tendencies On the one hand it has denounced the discourse on rights as an ideological smokescreen used by the ruling class to keep us from paying more attention to the actual level of democracy within the parties the governmental bodies and in everyday social relations On the other hand the left has attempted to adjust its platform to the mainstream idea of constitutional legitimacy by devising its own sozialer Rechtsstaat However the break even point has proven hard to find If the acceptance of

liberal principles was seen as less than wholehearted leftist constitutional proposals aroused suspicions of a coverup for an unconstitutional rule Unrechtsstaat On the other hand when the left has accepted liberal constitutional principles in full its potential to challenge the social status quo has ultimately proven to be disappointing The controversy culminated in a desperate and largely unknown attempt to devise a constitutional compromise between Liberalism and Socialism in East Berlin in the wake of the Cold War Although doomed to fail and devoid of democratic credibility the debates of the East German constitutional commission in 1948 offer important insights into a century of experiences trials and errors in constitution making seen from the leftist perspective **Bitter Search for Giants** Herman Lloyd Bruebaker,2018-05-01
