Nothing Personal: Seeing Beyond the Illusion of a Separate Self Nirmala, 2010-01-16 Advaita and nondual teachings are about finding the Truth This Truth is not a dogma that you study it is the Truth about life the Truth about who you really are This Truth is discovered not learned It is discovered through sincerely inquiring Who am I What you discover is that who you are has nothing to do with self images or roles and everything to do with what you experience when you ask this question What you discover is that who you think of yourself as is just that a thought And beyond that thought is a great Mystery an experience of nothingness which is your true nature Nothing Personal leads you to the experience of your true nature and helps you explore its depth Through exposition questions and dialogues it brings you to a place of realization of the Truth you are that spacious Awareness in which everything appears including your thoughts and feelings Your thoughts and feelings do not define you but merely appear within Consciousness along with everything else This Consciousness is who you are Nothing Personal offers a gentle and persistent guide to seeing the underlying truth of your ultimate nature In this concisely edited collection of satsang talks and dialogues you are invited to honor the limitless love that is your true nature and to enjoy the sweet richness that is revealed when you give this Truth your undivided attention From the introduction Unlike most books this one is not meant to add to your knowledge or understanding It is about the Truth that cannot be spoken or written Although the Truth cannot be contained in this or any other book each word written here is intended to point you toward that Truth Many of the words and ideas may seem paradoxical or contradictory because what they point to is larger than our conceptual frameworks Many questions are asked which are not answered anywhere in the book Find out what the experience is like to ask yourself these questions even if they leave you emptier of knowledge and understanding In this emptying you just may discover what you are looking for The Truth is revealed when we allow ourselves to not know so I invite you to set aside all that you know for the time being and allow yourself to look with innocent eyes at what the words are attempting to unveil Take the time to experience the unspoken truth in each section before moving on to the next Resist the temptation to read these words with your mind which is likely to rush right past the Truth Allow the words to sink into your heart and reveal the truth of who you are

Donovan, *A Journey Through Existence* Norm Prigge, 2012-04 Preface I explicitly do not affirm the truth of any statement made or implied herein concerning any actual people including myself or any actual relationships including my own or any concrete situations depicted Everything I have written is either about or based upon my perceptions memories imagining suppositions assessments of poetic and dramatic appropriateness and the like all such qua sources of factual truth being notoriously fallible The only truth that I do affirm herein is that of the universals that can be abstracted from the particulars of my subjective experience the universals call

Zaner,2004-01-08 At the edge of mortality there is a place where the seriously ill or dying wait a place where they may often feel vulnerable or alone For over forty years bioethicist cum philosopher Richard Zaner has been at the side of many of those people offering his incalculable gift of listening and helping to lighten their burdens not only with his considerable skills but with his humanity as well The narratives Richard Zaner shares in *Conversations on the Edge* are informed by his depth of knowledge in medicine and bioethics but are never clinical A genuine and caring heart beats underneath his compassionate words Zaner has written several books in which he tells poignant stories of patients and families he has encountered there is no question that this is his finest In *Conversations on the Edge* Zaner reveals an authentic empathy that never borders on the sentimental Among others he discusses Tom a dialysis patient who finally reveals that his inability to work encouraged by his

overprotective mother is the source of his hostility to treatment Jim and Sue young parents who must face the nightmare of letting go of their premature twins one after the other Mrs Oland whose family refuses to recognize her calm acceptance of her own death and in the final chapter the author's mother whose slow demise continues to haunt Zaner's professional and personal life These stories are filled with pain and joy loneliness and hope They are about life and death about what happens in hospital rooms and that place at the edge when we confront mortality It is the rarest of glimpses into the world of patients their families healers and those who struggle like Zaner to understand **The Story We Find Ourselves In** Brian D.

Accepting The Troll Underneath the Bridge Terry D. Cooper,2010-05-01 Just who is the troll The troll is the disgruntled negative voice within each of us that works tirelessly to remind us of our deepest fears of inadequacy As we attempt to better ourselves or our lot in life that is to cross any bridge it is the troll underneath that bridge that belittles and taunts us until too battered to go on we return to the safe side of the bridge The troll is well equipped to do battle employing a full arsenal of tricks to promote self doubt and keep us as prisoners of low self esteem Rather than suggest that we wage war with the troll however Terry Cooper through a sound blend of psychology and spirituality encourages us to understand the ways of the troll the ways we inadvertently aid and abet the work of the troll and the ways we can handle our conflict with the troll Perhaps most importantly Dr Cooper helps us realize that it is our acceptance of the troll as part of ourselves that ultimately enables us to disarm the troll With this realization we no longer resist grace we are on the way to healing our troll Canadian Books in Print ,1997 *Beyond the Bedroom* Douglas Weiss,2005-07 Did one or both of your parents

Become emotionally distant and unloving to their spouse Talk about sex or sexuality in an inappropriate way Spend a lot of time away from home or form unusually close platonic relationships Continue their destructive behavior even when confronted by the damage it was causing If so you are an adult child of a sex addict Sex addiction is not about parents who cheat on each other or have multiple partners although it does manifest itself that way It is about any sexual dysfunction between people in a long term relationship sexual withholding emotional detachment bullying or demeaning behavior etc These relationship problems form subconscious impressions on children and lead to unfulfilling relationships in later life This book for the first time identifies sexual addiction as a root cause of many of the dysfunctions in relationships It helps readers analyze their parents relationships It then shows them the possible dysfunctions these problems caused in their own relationships giving both general guidance and personal anecdotes from a select group of children of sex addicts Finally it

gives readers several specific exercises to help free them from their past heal their relationship with your parents especially the victim partner often the wife who is subconsciously blamed for not stopping the spouse s disruptive behavior and repair any damage in their current relationships This book is not just about cheating or abuse It is about finding the way back to the loving relationships you want and that those around you deserve

Beyond Revelation Benjamin F Hoogterp, 2014-05-26 A fresh look at an old subject The author addresses the study of the book of Revelation and Eschatology with an emphasis on the Kingdom Notably the results are conclusively Preterist in content by the eyes of the author of the mildest of forms Coming from several years of end times research and many more of that of Bible knowledge this book focuses on the prophecies of Daniel as well as the Gospels to prove with reasonable certainty to the author that the reasonable whole of the book of Daniel is concluded and fulfilled and much of the Revelation of John The book follows in an at face value approach allowing normal customs of language demonstrating a concise and historic progression of events with the destruction of the temple on 70 AD the Second Jewish Revolt of 135 AD being the winepress of God s wrath the seven bowls of wrath poured out upon Rome in what is known as the Crisis of the Third Century to destroy Rome and a literal already fulfilled Millennium in the Middle Ages The focus of the book is doctrine of the Kingdom which demonstrates its centrality in the entire subject It is asserted that the study of Eschatology is the study of the Kingdom this is repeated throughout the book Including a look at the parables of Jesus and taking Jesus introductory declaration of Mark 1 15 to be clearest statement of the Kingdom this book side steps the fruitless debates of the Schweitzer Dodd and Ladd of consistent realized or inaugurated Eschatologies and steps directly to an everlasting eschatology Thy kingdom is an everlasting kingdom and thy dominion endureth throughout all generations Ps 145 13 Generally relying upon the KJV version for the development of key issues except where a nuance is better brought out by another version as indicated the author develops the case sola scriptura that the Kingdom is indeed here and that it relates to the first coming of Christ Of note the author specifically interprets the Olivet Discourse as being divided based upon the merits of a study of the word Eutheos in Matthew 24 29 Eutheos when compared throughout the New Testament often implies an unspecified time gap representing hours days or even months This combined with a reading of the traditional time texts Matthew 24 34 36 the author sees that the v36 but of that day and hour specifically excludes the v29 31 that day from the these things of v4 22 As such the this generation applies precisely and exactly to the generation then alive during the giving of this discussion as per the traditional partial Preterist position However it clearly excludes the obvious Second Coming references in vv29 31 Additionally the author makes specific reference to the verses of Daniel 11 40 43 as pertaining to the Battle of Actium in 31 BC or the foundation of the Roman Empire which is shown to be the fourth Kingdom of Daniel 2 7 These two facts place the Great Tribulation of Daniel 12 and Matthew 24 decidedly in the first century the 70AD destruction of Jerusalem according to the author The author then divides the body of Revelation into two prophecies as per the two prophetic commissions in Revelation 1 and 10 Using a 68 70AD

post Neronic pre fall of Jerusalem date for the book Rev 6 11 corresponds to the destruction of Jerusalem while Rev 12 19 are clearly seen in historic events and detail the further punishing of the Jewish nation followed by the final overthrow of the beast Rome Woven throughout the book the author attempts to depict the great contrast of ages For 1 000 years Babylon in four different stages ruled the known world Then after it was broken small at the conversion of Constantine the Kingdom of God ruled for its 1 000 years We are now in that short time looking towards a Gog Magog conflict and the fulfillment of the Israel promises in between Revelation 20 10 11
