**Among the Tartar Tents, Or, The Lost Fathers. A Tale** Anne Bowman, 1861 *Losing Moses on the Freeway* Chris

Hedges,2005-06-07 The 10 Commandments the laws given to Moses by God are beyond the scope of human law They are rules meant to hold us together but when dishonored they lead to discord and violence In this fierce articulate narrative Hedges who graduated from seminary at Harvard Divinity School looks through the lens of each commandment to examine the moral ruin of American society With urgency and passion he challenges readers to take a hard look at the disconnect between their supposed values and the shallow self absorbed lives many people actually lead Taking examples from his personal life and twenty years of reporting Hedges explores one commandment at a time each through a particular social group With each story he reveals the universal nature of personal suffering discovery and redemption and explores the laws that we have tried to follow often unsuccessfully for the past 6 000 years Fictive Fathers in the Contemporary American Novel Debra Shostak,2020-02-20 Fictive Fathers in the Contemporary American Novel explores the unstable construction of heteronormative white masculinity in the contemporary United States by focusing on relationships between fathers and their children Debra Shostak reads the novels of 18 North American writers publishing in the late 20th and early 21st centuries as allegories of cultural conflict and change within the nuclear family the authors considered include Paul Auster Don DeLillo Jeffrey Eugenides Jonathan Safran Foer Jonathan Franzen John Irving Jonathan Lethem Carole Maso Bobbie Ann Mason Cormac McCarthy Claire Messud Viet Thanh Nguyen Tim O'Brien Marilynne Robinson Philip Roth Mona Simpson Jane Smiley and Anne Tyler These novelists portray father figures who often literally or figuratively absent from the family scene disrupt the familial order and their family members identities Shostak's close readings illuminate unexpectedly conservative even subversive ideological positions at the heart of these fictions Fictive Fathers traces the eroding myth of paternal authority that sustained a patriarchal model within real American families and their literary representations *Making Men Into Fathers* Barbara Meil Hobson,2002-01-10 Fatherhood is on the political agenda in many countries often cast in terms of crisis One side of the policy debate focuses on fathers as deadbeat dads who do not provide financial support and care for their children The other revolves around making men into active and engaged fathers However these policies are often at odds with the employers reluctance to accommodate work schedules to fathers needs In Making Men into Fathers prominent scholars in gender studies and the critical studies of men consider how varied institutional settings and policy logics around cash and care contour the possibilities and constraints for new models of fatherhood determining the choices open to men From different historical and societal perspectives the authors provide insights into the studies of men as gendered subjects including the role of transnational and global issues of fatherhood and the emergence of men's movements contesting and reimagining fatherhood Wounded Masculinity and the Search for (Father) Self in American Film Susan Mackey-Kallis,Brian Johnston,2023-12-12 Drawing on texts and theorists of Greek myth psychoanalysis and masculinities Susan Mackey Kallis and Brian Johnston develop and offer a model of rhetorical and mythic criticism to analyze popular American film In this book Mackey Kallis and Johnston focus their analysis on films that point to the need for father atonement ego decentering and the

resurrection of the lost feminine to heal our collective gendered cultural wounds Many of these mystic films they contend affirm the role of meaningful suffering compassion integration of the feminine self sacrifice and transcendence as antidotes to the inevitable woundedness of the human condition Ultimately the authors argue for the importance of digging into the substance of cultural wounds rather than superficially suturing them over to change the conversation about woundedness and provide a roadmap for healing gendered relations in contemporary American culture The book concludes with a discussion of Joseph Campbell s interpretation of the metaphorical power of myth and its transcendent function to argue for a theory of us rather than a theory of us versus them Scholars of film gender studies American studies cultural studies gender studies and psychology will find this book of particular interest **The Weekend Novelist Writes a Mystery** Robert J.
