Mystery Writers Jay P. Pederson,Taryn Benbow-Pfalzgraf,1996 Provides information on the most influential English language writers of the crime and mystery genre Each entry includes author biographies complete bibliographies lists of critical studies locations of manuscripts the writer s own comments on his or her work when available and an essay written by an expert of the genre The Serpent and the Dove A. W. Richard Sipe,2007-10-30 Richard Sipe himself a former monk and priest has made a lifelong venture of determining the reality and meaning of religious celibacy Even an adequate operational definition of religious celibacy he says has been avoided by Catholic hierarchy and scholars to preserve the celibate myth Having spent 25 years conducting a study of celibacy and sexual behavior in Roman Catholic priests Sipe concluded that at any one time no more than 50 percent of priests were practicing celibacy To more fully understand what celibacy is how it is practiced the affect it has on the humanness of men of women and the social effects it presents Sipe says we can use the approach presented in this book Specifically we can analyze historic men who presented themselves or were

perceived as living examples of celibacy and also focus on the most profound truths of celibacy found in literary accounts Psychology religion and literary criticism interface and are woven together in this book with minimal jargon The Serpent and the Dove was written in the hope of exciting honest analysis of the essence of religious celibacy and to foster a recrudescence of authentic sexual vigor with all of its evolutionary potential Human sexuality is not going away nor is it irrelevant to the wellbeing progress and happiness of the human community says Sipe And the practice of genuine celibacy is not going to disappear either No question the Catholic Church needs profound reformation But in all my work I have chosen not to throw any babies out with the horrendously dirty holy water the church continues to treasure and disseminate Here as in all my work I try to foster dialogue between religion and science such as literary criticism The Catholic Church and religion is at a Copernican Moment when it has to cede to science the nature of sexuality The Serpent and the Dove is one more work among Sipe s many books and articles making the need for that clear

Falling into Grace: the Fiction of Andrew Greeley R. W. Carstens, 2008-10-07 Falling into Grace is a study of Andrew Greeley s fiction and the message behind his words revealing many timeless political and theological ideas Professor R W Carstens shares the findings of his deep exploration into Greeley s novels as evidence of a set of ancient values and key political ideas that are needed today more than ever As a great storyteller Greeley s message is significant that grace sustains us unites us comforts us and sometimes overwhelms us but it is also evidence of our freedom Carstens careful examination into the deeper meaning behind the stories demonstrates that Greeley s characters and the world in which they live portray life as acts of faith hope and love and prove that God is alive and well in the hearts of many in the world As Carstens discusses Greeley s imagination and his political and theological concepts he develops his own theories about how these ideas can be applied in today s world by creating freedom limiting authority and building communities where people are united by common goals In the end Carstens study demonstrates that Greeley s fiction shows us a way to go home to the images that appeal to the best in us and therefore tell us what might be
