Search Out the Land Sheldon J. Godfrey, Judy Godfrey, 1995 To date Jews and Jewish contributions to the early development of Canada and the British colonies have been marginalized in Canadian history In *Search Out the Land* Sheldon Godfrey and Judith Godfrey begin to redress this situation by illustrating and an **Dictionary Catalog of the Department Library** United States. Stiefel, 2014-03-11 A cultural and architectural history of Judaism as it expanded and took root in the Atlantic world Jewish Sanctuary in the Atlantic World is a unique blend of cultural and architectural history that considers Jewish heritage as it expanded among the continents and islands linked by the Atlantic Ocean between the mid fifteenth and early nineteenth centuries Barry L Stiefel achieves a powerful synthesis of material culture research and traditional historical research in his examination of the early modern Jewish diaspora in the New World Through this generously illustrated work Stiefel examines forty six synagogues built in Europe South America the Caribbean Islands colonial and antebellum North America and Gibraltar to discover what liturgies construction methods and architectural styles were transported from the Old World to the New World Some are famous Touro in Newport Rhode Island Bevis Marks in London and Mikve Israel in Cura ao while others had short lived congregations whose buildings were lost The two great traditions of Judaism Sephardic and Ashkenazic found homes in the Atlantic World Examining buildings and congregations that survive Stiefel offers valuable insights on their connections and commonalities If both the congregations and buildings are gone the author re creates them by using modern heritage preservation tools that have expanded the heuristic repertoire tools from such diverse sources as architectural studies archaeology computer modeling and rendering and geographic information systems When combined these bring a richer understanding of the past than incomplete uncertain traditional historical resources Buildings figure as key indicators in Stiefel s analysis of Jewish life and social experience while the author s immersion in the faith and practice of Judaism invigorates every aspect of his work **Jewish Emancipation** David Sorkin, 2021-09-14 The first comprehensive history of how Jews became citizens in the modern world For all their unquestionable importance the Holocaust and the founding of the State of Israel now loom so large in modern Jewish history that we have mostly lost sight of the fact that they are only part of and indeed reactions to the central event of that history emancipation In this book David Sorkin seeks to reorient Jewish history by offering the first comprehensive account in any language of the process by which Jews became citizens with civil and political rights in the modern world Ranging from the mid sixteenth century to the beginning of the twenty first Jewish Emancipation tells the ongoing story of how Jews have gained kept lost and recovered rights in Europe North Africa the Middle East the United States and Israel Emancipation Sorkin shows was not a one time or linear event that began with the Enlightenment or French Revolution and culminated with Jews acquisition of rights in Central Europe in 1867 71 or Russia in 1917 Rather emancipation was and is a complex multidirectional and ambiguous process characterized by

deflections and reversals defeats and successes triumphs and tragedies For example American Jews mobilized twice for emancipation in the nineteenth century for political rights and in the twentieth for lost civil rights Similarly Israel itself has struggled from the start to institute equality among its heterogeneous citizens By telling the story of this foundational but neglected event Jewish Emancipation reveals the lost contours of Jewish history over the past half millennium **Putnam's Historical Atlas, Mediaeval and Modern** Ramsay Muir,1927 **Dictionary of American Naval Fighting Ships: Historical sketches: Letters N through S. Wherever they settled immigrants from Ireland and their descendants shaped and reshaped their understanding of being Irish in response to circumstances in both the old and new worlds In *A Land of Dreams* Patrick Mannion analyzes and compares the evolution of Irish identity in three communities on the prow of northeastern North America St John's Newfoundland Halifax Nova Scotia and Portland Maine in the late nineteenth and early twentieth centuries These three port cities home to diverse Irish populations in different stages of development and in different national contexts provide a fascinating setting for a study of intergenerational ethnicity Mannion traces how Irishness could at certain points form the basis of a strong cohesive identity among Catholics of Irish descent while at other times it faded into the background Although there was a consistent often romantic gaze across the Atlantic to the old land many of the organizations that helped mediate large scale public engagement with the affairs of Ireland especially Irish nationalist associations spread from further west on the North American mainland Irish ethnicity did not therefore develop in isolation but rather as a result of a complex interplay of local regional national and transnational networks This volume shows that despite a growing generational distance Ireland remained a land of dreams for many immigrants and their descendants They were connected to a transnational Irish diaspora well into the twentieth century
