Cogle M.D.,2023-02-09 Old Testament and New Testament views of medicine and physicians were in many ways opposite According to ancient interpretations of the Book of Deuteronomy all misfortune whether disease calamity etc was a punishment from God for the commitment of some sin If illness was produced by God then healing could only come directly from God without the intervention of physicians and many times only through the

priest Many ancient theologians felt that physicians acted against God's will in trying to aid in healing In fact one writer in the Talmud says in effect that the best of physicians was destined to go to hell and the medical profession was counted among the seven professions who would not share in heaven In spite of a rather low assessment of doctors the ancient Jews were a healthy lot in large part due to dietary and sanitation laws Contrast this with New Testament teaching Indeed Luke was the beloved physician and the writer of one of the Gospels Jesus said It is not those who are healthy who need a physician but those who are sick In this book we explore biblical teachings about medicine in both Old and New Testaments Also we will study dietary and health laws that have bearing on today's life and lifestyle
