Emigration Tamara S Wagner, 2016-05-26 In her study of the unsuccessful nineteenth century emigrant Tamara S Wagner argues that failed emigration and return drive nineteenth century writing in English in unexpected culturally revealing ways Wagner highlights the hitherto unexplored subgenre of anti emigration writing that emerged as an important counter current to a pervasive emigration propaganda machine that was pressing popular fiction into its service The exportation of characters at the end of a novel indisputably formed a convenient narrative solution that at once mirrored and exaggerated public policies about so called superfluous or redundant parts of society Yet the very convenience of such pat endings was increasingly called into question New starts overseas might not be so easily realizable emigration destinations failed to live up to the inflated promises of pro emigration rhetoric the unwanted might make a surprising reappearance Wagner juxtaposes representations of emigration in the works of Charles Dickens Wilkie Collins Frances Trollope and Charlotte Yonge with Australian New Zealand and Canadian settler fiction by Elizabeth Murray Clara Cheeseman and Susanna Moodie offering a new literary history not just of nineteenth century migration but also of transoceanic exchanges and genre formation

Haruki Murakami and the Search for Self-Therapy Jonathan Dil, 2022-02-24 Haruki Murakami a global literary phenomenon has said that he started writing fiction as a means of self therapy What he has not discussed as much is what he needed self therapy for This book argues that by understanding more about why Murakami writes and by linking this with the question of how he writes readers can better understand what he writes Murakami's fiction in other words can be read as a search for self therapy In five chapters which explore Murakami's fourteen novels to date this book argues that there are four prominent therapeutic threads woven through Murakami's fiction that can be traced back to his personal traumas most notably Murakami's falling out with his late father and the death of a former girlfriend and which have also transcended them in significant ways as they have been transformed into literary fiction The first thread looks at the way melancholia must be worked through for mourning to occur and healing to happen the second thread looks at how symbolic acts of sacrifice can help to heal intergenerational trauma the third thread looks at the way people with avoidant attachment styles can begin to open themselves up to love again the fourth thread looks at how individuation can manifest as a response to nihilism Meticulously researched and written with sensitivity the result is a sophisticated exploration of Murakami's

published novels as an evolving therapeutic project that will be of great value to all scholars of Japanese literature and culture

Southern Literature, Cold War Culture, and the Making of Modern America Jordan J. Dominy, 2020-01-27 During the Cold War national discourse strove for unity through patriotism and political moderation to face a common enemy Some authors and intellectuals supported that narrative by casting America s complicated history with race and poverty as moral rather than merely political problems Southern Literature Cold War Culture and the Making of Modern America examines southern literature and the culture within the United States from
