1990s Buddhism in general and Zen in particular were adopted by national elites the media and popular culture as a set of humanistic values to counter the rampant violence and crime in Brazilian society Despite national media attention the rapidly expanding Brazilian market for Buddhist books and events and general interest in the globalization of Buddhism the Brazilian case has received little scholarly attention Cristina Rocha addresses that shortcoming in Zen in Brazil Drawing on fieldwork in Japan and Brazil she examines Brazilian history culture and literature to uncover the mainly Catholic Spiritist and Afro-Brazilian religious matrices responsible for this particular indigenization of Buddhism In her analysis of Japanese immigration and the adoption and creolization of the S t sh school of Zen Buddhism in Brazil she offers the fascinating insight that the latter is part of a process of cannibalizing the modern other to become modern oneself She shows moreover that in practicing Zen the Brazilian intellectual elites from the 1950s onward have been driven by a desire to acquire and accumulate cultural capital both locally and overseas Their consumption of Zen Rocha contends has been an expression of their desire to distinguish themselves from popular taste at home while at the same time associating themselves with overseas cultural elites

Ethnic Journalism in the Global South Anna Gladkova, Sadia Jamil, 2021-08-12 This book focuses on ethnic journalism in the Global South approaching it from two angles as a professional area and as a social mission The book discusses journalistic practices and ethnic media in the Global South managerial and editorial strategies of ethnic media outlets their content specifics target audience distribution channels main challenges and trends of development in the digital age

Jesus Loves Japan Suma Ikeuchi, 2023-05-25 A study of ethnic Japanese Brazilian Pentecostal Christians living in Japan After the introduction of the long term resident visa the mass migration of Nikkeis Japanese Brazilians has led to roughly 190 000 Brazilian nationals living in Japan While the ancestry based visa confers Nikkeis right to settlement virtually as a right of blood their ethnic ambiguity and working class profile often prevent them from feeling at home in their supposed ethnic homeland In response many have converted to Pentecostalism reflecting the explosive trend across Latin America since the 1970s Jesus Loves Japan offers a rare window into lives at the crossroads of return migration and global Pentecostalism Suma Ikeuchi argues that charismatic Christianity appeals to Nikkei migrants as a third culture one that transcends ethno national boundaries and offers a way out of a reality marked by stagnant national indifference Jesus Loves Japan insightfully describes the political process of homecoming through the lens of religion and the ubiquitous figure of the migrant as the pilgrim of a transnational future Praise for Jesus Loves Japan Transnational migrants find spiritual sustenance in Suma Ikeuchi s careful sensitive ethnography In showing how Pentecostalism grants meaning to a bleak existence Ikeuchi opens new vistas in our understanding of Japanese Brazilians residing in Japan She offers fresh insights to all interested in identity puzzles self making religious conversion and global movement Daniel T Linger Professor Emeritus of Anthropology University of California Santa Cruz Suma Ikeuchi s nuanced fieldwork among Japanese Brazilians Nikkei employed in Japan exposes the flawed hemato logic of government and corporate officials who believed that ancestry

blood alone would make Nikkei more assimilable than other foreign guest workers This book demonstrates the primacy of culture over blood as a cipher for ethnicity Jennifer Robertson author of *Robo Sapiens Japonicus* Robots Gender Family and the Japanese Nation 2018 This is a remarkable book about a remarkable situation Through wonderfully vivid ethnography Ikeuchi documents the lives of Brazilian Pentecostal converts in Japan as they negotiate identities as migrants homecomers pilgrims and believers In the process the book becomes an anthropological meditation on time belonging sincerity and the multiple meanings of making connections through blood Simon Coleman Chancellor Jackman Professor University of Toronto

Transcultural Japan David Blake Willis, Stephen Murphy-Shigematsu, 2007-11-27 Transcultural Japan provides a critical examination of being Other in Japan Portraying the multiple intersections of race ethnicity class and gender the book suggests ways in which the transcultural borderlands of Japan reflect globalization in this island nation The authors show the diversity of Japan from the inside revealing an extraordinarily complex new society in sharp contrast to the persistent stereotypical images held of a regimented homogeneous Japan Unsettling as it may be there are powerful arguments here for looking at the meanings of globalization in Japan through these diverse communities and individuals These are not harmonious utopian communities by any means as they are formed in contexts both global and local of unequal power relations Yet it is also clear that the multiple processes associated with globalization lead to larger hybridizations a global mélange of socio cultural political and economic forces and the emergence of what could be called trans local Creolized cultures Transcultural Japan reports regional national and cosmopolitan movements Characterized by global flows hybridity and networks this book documents Japan's new lived experiences and rapid metamorphosis Accessible and engaging this broad based volume is an attractive and useful resource for students of Japanese culture and society as well as being a timely and revealing contribution to research scholars and for those interested in race ethnicity cultural identities and transformations

Precarious Democracy Benjamin Junge, Sean T. Mitchell, Alvaro Jarrin, Lucia Cantero, 2021-09-17 Precarious Democracy collects powerful and intimate political ethnographic writing on Brazil's pivotal years 2013-19 from the nation's megacities to rural Amazonia The volume demonstrates the necessity of ethnography for understanding social and political change and provides crucial insights on one of the most epochal periods of change in Brazilian history *Japanese Diaspora and*

Migration Reconsidered Yvonne Siemann, 2022-03-30 In contrast to most studies of migration which assume that migrants arrive from less developed countries to the industrialised world where they suffer from discrimination poor living conditions and downward social mobility this book examines a different sort of diaspora descendants of Japanese migrants or Nikkei in Bolivia who after a history of organised migration have achieved middle class status in a developing country while enjoying much symbolic capital among the majority population Based on extensive original research the book considers the everyday lives of Nikkei and their identity discusses how despite their relative success they remain not fully integrated into Bolivia's imperfect pluricultural society and explores how they think about and relate to Japan **The Okinawan Diaspora in Japan**

Steve Rabson, 2012-01-31 The experiences of Okinawans in mainland Japan like those of migrant minorities elsewhere derive from a legacy of colonialism war and alien rule Okinawans have long coped with a society in which differences are often considered strange or wrong and with a central government that has imposed a mono cultural standard in education publicly priding itself on the nation's mythical homogeneity They have felt strong pressures to assimilate by adopting mainland Japanese culture and concealing or discarding their own Recently however a growing pride in roots has inspired more Okinawan migrants and their descendants to embrace their own history and culture and to speak out against inequities Their experiences like those of minorities in other countries have opened them to an acute and illuminating perspective given voice in personal testimony literature and song Although much has been written on Okinawan emigration abroad this is the first book in English to consider the Okinawan diaspora in Japan It is based on a wide variety of secondary and primary sources including interviews conducted by the author in the greater Osaka area over a two year period The work begins with the experiences of women who worked in Osaka's spinning factories in the early twentieth century covers the years of the Pacific War and the prolonged U S military occupation of Okinawa and finally treats the period following Okinawa's reversion to Japan in 1972 Throughout it examines the impact of government and corporate policies along with popular attitudes for a compelling account of the Okinawan diaspora in the context of contemporary Japan's struggle to acknowledge its multiethnic society The Okinawan Diaspora in Japan will find a ready audience among students of contemporary Japanese history and East Asian societies as well as general readers interested in Okinawans and other minorities living in Japan

Homesickness around the Mediterranean, 1492-1923 José Alberto Rodrigues da Silva Tavim, João Teles e Cunha, 2025-03-31 This volume analyzes how people of diverse cultural and religious backgrounds living around the Middle Sea perceived felt and described homesickness using a multidisciplinary approach which brings new perspectives to known phenomena and their evolving meanings The sixteen chapters in this book span the fields of history literary and cultural studies and musicology to explore and revisit old and new subjects including diasporas renegades expatriates travelogues testaments inquisitorial processes songbooks movies and photos Together they provide a comprehensive picture of homesickness across states cultures religions and people furthering understanding of how individuals communities and nations created and expressed images ideas and emotions on this subject Though centered around the Mediterranean this volume also studies the impact of homesickness in a larger geography touched by the Iberian empires This important contribution to the history of emotions offers studies on subjects seldom available in the English speaking world and will appeal to undergraduates postgraduates scholars and non specialists alike **Fashioning Brazil** Elizabeth

Kutesko, 2018-10-18 Examining the dynamics between subject photographer and viewer Fashioning Brazil analyses how Brazilians have appropriated and reinterpreted clothing influences from local and global cultures Exploring the various ways in which Brazil has been fashioned by the pioneering scientific and educational magazine National Geographic the book

encourages us to look beyond simplistic representations of exotic difference. Instead, it brings to light an extensive history of self-fashioning within Brazil, which has emerged through cross-cultural contact, slavery, and immigration. Providing an in-depth examination of Brazilian dress and fashion practices as represented by the quasi-ethnographic gaze of National Geographic and National Geographic Brazil, the Portuguese language edition of the magazine established in 2000, the book unpacks a series of case studies. Taking us from body paint to Lycra, via loincloths and bikinis, Kutesko frames her analysis within the historical, cultural, and political context of Latin American interactions with the United States. Exploring how dress can be used to manipulate identity and disrupt expectations, *Fashioning Brazil* examines readers' sensory engagements with an iconic magazine and sheds new light on key debates concerning global dress and fashion. **Routledge Handbook of Asian**

Migrations Gracia Liu-Farrer, Brenda S.A. Yeoh, 2018-01-02 Housing more than half of the global population, Asia is a region characterised by increasingly diverse forms of migration and mobility. Offering a wide-ranging overview of the field of Asian migrations, this new handbook therefore seeks to examine and evaluate the flows of movement within Asia, as well as into and out of the continent. Through in-depth analysis of both empirical and theoretical developments in the field, it includes key examples and trends such as British colonialism, Chinese diaspora, labour migration, the movement of women, and recent student migration. Organised into thematic parts, the topics cover the historical context to migration in Asia, modern Asian migration pathways and characteristics, the reconceptualising of migration through Asian experiences, contemporary challenges and controversies in Asian migration practice and policy, contributing to the retheorising of the subject area of international migration from non-western experience. The *Routledge Handbook of Asian Migrations* will be useful to students and scholars of migration, Asian development, and Asian Studies in general. *Marriage and Marriageability* Chigusa

Yamaura, 2020-07-15 How do the Japanese men and Chinese women who participate in cross-border matchmaking individuals, whose only interaction is often just one brief meeting, come to see one another as potential marriage partners? Motivated by this question, Chigusa Yamaura traces the practices of Sino-Japanese matchmaking from transnational marriage agencies in Tokyo to branch offices and language schools in China, from initial meetings to marriage, the visa application processes, and beyond to marital life in Japan. Engaging issues of colonial history, local norms, and the very ability to conceive of another or oneself as marriageable, *Marriage and Marriageability* rethinks cross-border marriage not only as a form of gendered migration but also as a set of practices that constructs marriageable partners and imaginable marriages. Yamaura shows that, instead of desiring different others, these transnational marital relations are based on the tactical deployment of socially and historically created conceptions of proximity between Japan and northeast China. Far from seeking to escape local practices, participants in these marriages actively seek to avoid transgressing local norms. By doing so, on a transnational scale, they paradoxically reaffirm and attempt to remain within the boundaries of local marital ideologies. **Transnational Identities**

on Okinawa's Military Bases Johanna O. Zulueta, 2019-09-27 This book considers the role of civilian workers on U.S. bases

in Okinawa Japan and how transnational movements within East Asia during the Occupation period brought foreign workers mostly from the Philippines to work on these bases Decades later in a seeming reproduction of base labour returnees of both Okinawan and Philippine heritage began occupying jobs on base as United States of Japan USFJ employees The book investigates the role that ethnicity nationality and capital play in the lives of these base employees and at the same time examines how Japanese and Okinawan identity ies are formed and challenged It offers a valuable resource for those interested in Japan and Okinawa U S military basing migration and mixed ethnicities
