**Ballots Or Bullets?** Carsten Wieland, 2006 Bashar al Asad unlike any other Arab leader publicly announced his opposition to the war in Iraq This made the Syrian president popular in the streets but brought him into open confrontation with the US For a time it seemed that the US would invade or subvert the regime or institute a killing regimen of sanctions The assassination of Lebanese Prime Minister Rafiq Hariri made things worse with observers including the UN pointing the finger at Damascus Syrian troops were forced to withdraw from Lebanon where they had been stationed for nearly three decades Today Bashar is facing the toughest challenge of his career caught between Syrian hardliners and an increasingly impatient opposition And what of the 18 million people of Syria Will this country descend into chaos and violence Or will it progress toward pluralism and economic progress Syria Ballots or Bullets delivers surprising insights into one of the most obscure countries in the world

**Globalization and Terrorism** Jamal R. Nassar, 2009-07-16 Courageously stepping into charged terrain this book casts a clear light on globalization and terrorism for what they are not what some may wish them to be Jamal R Nassar carefully defines these twin concepts placing them in historical as well as political context Woven throughout the book is his central theme of the migration of dreams and nightmares As some are able to take advantage of the opportunities of globalization leaving others behind they leave behind a legacy of unrealistic dreams These unfulfilled hopes of the poor and oppressed often transform themselves into nightmares for the wealthy and powerful This vicious cycle the author argues is often enhanced by globalization and effected by terrorism Focusing on the key case studies of Palestine and Northern Ireland Nassar applies their lessons to other examples of conflict including Iraq Afghanistan the Congo Chechnya and Colombia in order to internationalize our understanding of how globalization and terrorism operate in a range of situations He also devotes a chapter to Islamist terrorism in a tour de force of incisiveness and balance This book considers globalization and terrorism not only from the perspective of the major powers but also introduces the views of those dominated by forces

beyond their control Yet even as the author offers a profound critique of Western hegemony he conveys respect and hope for an enlightened global interdependence embracing the power of the dream over the nightmare Justice on the Cross Kathleen Christison,2023-03-09 At its heart liberation theology is a modern theology of resistance to the oppression imposed by colonialist and post colonialist systems and even by churches that cooperate with secular centers of power to oppress the poor and disadvantaged It is a grassroots social justice theology a *cri de c ur* that seeks to give spiritual succor and hope to those living in seemingly hopeless circumstances Palestinians a people whose suffering has largely been forgotten by the world since Israel s establishment and who are most often stereotyped as extremists and enemies of Israel with no legitimate claim to their own homeland are among the world s most marginalized populations The small Palestinian Christian community an indigenous population descended from Jesus s first followers has created a liberation theology for the Palestinian context that reaches out to its own Christian faithful and their Muslim compatriots This is a nonviolent political theological resistance that follows Jesus s teaching that God is present with all God s children and heeds Jesus s gospel injunctions to comfort the suffering and let the oppressed go free For Palestinians their very survival in the land is resistance to Israel s efforts to remove them and liberation theology sustains their resistance Jesus was the first liberation theologian

**Apartheid in Palestine** Ghada Ageel,2016-01-18 Of all the crimes to which Palestinians have been subjected through a century of bitter tragedy perhaps none are more cruel than the silencing of their voices The suffering has been most extreme criminal and grotesque in Gaza where Ghada Ageel was one of the victims from childhood This collection of essays is a poignant cry for justice far too long delayed Noam Chomsky There are more than two sides to the conflict between Palestine and Israel There are millions Millions of lives voices and stories behind the enduring struggle in Israel and Palestine Yet the easy binary of Palestine vs Israel on which the media so often relies for context effectively silences the lived experiences of people affected by the strife Ghada Ageel sought leading experts Palestinian and Israeli academic and activist to gather stories that humanize the historic processes of occupation displacement colonization and most controversially apartheid Historians scholars and students of colonialism and Israel Palestine studies and anyone interested in more nuanced debate will want to read this book Foreword by Richard Falk Contributors Yasmeen Abu Laban Ghada Ageel Huwaida Arraf Abigail B Bakan Ramzy Baroud Samar El Bekai James Cairns Edward C Corrigan Susan Ferguson Keith Hammond Rela Mazali Sherene Razack Tali Shapiro Reem Skeik Rafeef Ziadah
