Seasons of Strength Evelyn Eaton Whitehead, James D. Whitehead, 1984 Seasons of Strength Evelyn E. Whitehead, James D. Whitehead, 1995 *Seasons of Strength* Evelyn Eaton Whitehead, James D. Whitehead, 1986 **The Developing Christian** Peter Feldmeier, 2007 Charts spiritual progress through the life cycle by being attentive to classical and modern models of human development and spiritual progress **Equipped for the Work of Ministry** Catholic Church, 1996 Inspired by and based on Pope John Paul II's apostolic exhortation *I Will Give You Shepherds* Pastores Dabo Vobis Radical Grace J. Harold Ellens, 2007-10-30 The esteemed editor who brought us the acclaimed set *The Destructive Power of Religion* turns his attention here to a similarly powerful yet positive side of religion how our concept of God can fuel healthy body and mind This book contends that all health mental and physical is shaped for good or ill by our spiritual theological and psychological notions about the nature of God and by the way we form an outlook on life as a result of these notions Across history a large percentage of people have believed that God is a threat an attitude Ellens describes as sick gods created through pathological beliefs or sick gods that make sick people But Ellens grounds his brighter perspective in this text on God as a source of unconditional grace and goodwill then illuminates the effect this perspective has on people who have incorporated it into their minds and lives Ellens shows that people with firm faith in God's radical grace are psychologically strong and healthy His offering of psychology interfacing with theology is reminiscent of Carl Rogers teaching on unconditional positive regard and its ability to heal suffering persons All readers he explains can benefit by this understanding that can inspire spiritual and psychological healing whether for ourselves family friends or clients in counseling or therapy Stewardshift Bob Sitze, 2016-01-10 The collective groan that greets stewardship campaigns in most churches can be quelled This book offers theoretical and practical propositions by which lay and clergy leaders can ensure the sustainability of stewardship ministries to help their congregations flourish Bob Sitze invites stewardship leaders into a broader conversation of how shifted biblical and secular stewardship concepts practice and identity can be incorporated into a congregation's life and help bring about lasting change The book has two sections Part 1 Scriptural Stewardshifts reinterprets familiar biblical passages on stewardship introduces new ones and helps congregations expand their use of the Bible in their life and stewardship work Part 2 Secular Stewardshifts examines the resources that are available to congregations from the continuing revelation that is occurring in the secular world including brain science financial planning philanthropy community organizing and other areas The book is written in a friendly style with reflection questions so what moments and engaging sidebars Beloved Dust Robert Davis Hughes, III, 2008-08-15 There has been an explosion of interest in classical Christian spirituality over the past 50 years While a great deal of work has been done on the history of Christian spirituality there has been no full scale theological and pastoral treatment of Christian spiritual life since before the Second Vatican Council *Beloved Dust* takes a realistic contemporary view of human being as entirely physical dust and shows

it immersed in three great tides of the Holy Spirit the traditional threefold rhythm of conversion transfiguration and glory What is unique about Robert Hughes s approach is the effort to root spiritual theology in the doctrine of the Spirit an outgrowth of the renewed interest in the Trinity among both Catholics Karl Rahner and Protestants Robert Jenson Also striking is Hughes s emphasis on ordinary life Here as a married Episcopal priest theologian who brings a distinctly Protestant perspective to a traditionally Catholic enterprise for so long the preserve of celibate priests What he achieves is a new presentation of the traditional teaching in the light of contemporary knowledge and practice *Clinical Handbook of Pastoral Counseling* Robert J. Wicks, Richard D. Parsons, Donald Capps, 2003 Building on the groundbreaking original work with the same title these articles focus on current issues such as certain life stages special populations the devalued and abused the addicted and special issues of the 1990 s Life Cycle Richard L Dayringer, 2013-03-07 Understand the spiritual and psychological stages of human life Life Cycle Psychological and Theological Perceptions provides professors and students of religion pastoral counselors and parents with a description of human personality development from birth to death from both psychological and theological perspectives You will examine how personalities develop and unfold as individuals grow and how they are influenced by family members and by God helping you view the life cycle as a sacred journey Life Cycle will help you as a parent to understand your children better and as an individual to gain a meaningful perspective of the unfolding of your own life As a pastoral counselor this book will help you to enlarge your comprehension of developmental problems and solutions enabling you to better help your parishioners develop healthy spiritual identities Through this insightful book you will discover the natural process of development through life stages such as the Age of Works the Age of Friendships and the Age of Discovery This unique book will help you in your pursuit of self discovery Within these pages you will examine the history and theories of personality development from such theorists as Freud Erikson and Sullivan to get a solid foundation for understanding the process of identity formation understand theological as well as psychological views of personality development realize the impact of the family unit on the development of individuals learn to recognize the stages of human development and see how the integration of theology and psychology can clarify them Life Cycle includes a comprehensive bibliography on the subject of development as well as beautiful and moving poems that depict personal growth to help describe new concepts and help you to better understand important identity issues This informative book will help you clearly define the stage of life that you or the person you are trying to help is in and identify the stage where problems originated giving you the necessary information to begin to problem solve and promote healthy spiritual and mental growth and balance **Faith Development and Pastoral Care** James W. Fowler, 1987 James Fowler s work as the originator of faith development research his use of the theories of Jean Piaget and Erik Erikson for theology has been widely acclaimed for its profound impact on the field of religious education and for its promise for other fields *Ageing, Disability and Spirituality* Elizabeth MacKinlay, 2008-02-15 This collection examines theological and ethical issues of ageing disability

and spirituality with an emphasis on how ageing affects people who have mental health and developmental disabilities The book presents ways of moving towards more effective relationships between carers and older people with disabilities **The Virtue of Resilience** Whitehead, James D., Whitehead, Evelyn Eaton, 2015-12-31 www.congregationalresources.org Richard Bass, 2004-12-30 An ever increasing number of resources compete for the attention of congregational leaders With a seemingly endless number of choices finding the best resource on a particular topic for a specific congregation is an often daunting challenge www.congregationalresources.org is an invaluable companion to the groundbreaking online version of Alban Institute's and Indianapolis Center for Congregations jointly researched and produced Congregational Resource Guide launched in 2001 and accessed by thousands of seekers each week The book conveniently and cogently puts the rich array of important resources into context by examining in depth the key books organizations Web sites and people that will help leaders gain an understanding of important issues facing their congregations The book features ten overviews of important topics by widely recognized experts in their fields including Amy Sherman on Community Ministry Tom Fischer on Congregational Health Lee Ramsey on Preaching Paul Chaffee on Leadership John Janka on Evaluation and Jean Trumbauer on Lay Ministry Each essay is accompanied by an annotated list of selected resources for researching further information Helpful guides for using these valuable resources to promote and encourage congregational understanding and transformation are also included **Method in Ministry** James D. Cohen, Michael Parsons, 2010-06-01 Drawing together scholars from fields of biblical studies systematic theology liturgics and pastoral theology In Praise of Worship questions an overemphasis on singing and music alone as worship in today's church Whilst not minimizing moments of conscious and deliberate worship the authors show that according to a close reading of Scripture and a clear understanding of theology the whole of our lives is to be considered as worship glorifying to the Lord who deserves such honor Contributors Nancy Ault Alastair Campbell David J Cohen David G Firth Travis Fitch Michael W Goheen Stephen Haar Brian S Harris Chris Jack Angela McCarthy Alan Niven John W Olley Michael O Neil Robin Parry Michael Parsons Michael J Quicke *Freedom Glorious Freedom* John J.

McNeill,2009 In Freedom Glorious Freedom acclaimed author John J McNeill shows how lesbian and gay Christians can achieve full spiritual maturity and self acceptance McNeill discusses freedom of conscience and discernment of spirits ancient teachings of the Christian church that have a special urgency for lesbian and gay people who need to free themselves from all the homophobic authorities and deal with God on a direct and personal basis The liberating process of coming out of the closet is seen as a spirit filled effort to achieve the glory of God by becoming fully alive McNeill offers a twelve step spirituality as a spiritual process of liberation from all addictions in order to experience the love of God in its fullness The epilogue expresses in detail a philosophical vision looking both to the past and to the future of how gay liberation fits into the Spirit directed evolution of human history and its role in the ongoing struggle for human liberation For more than thirty five years John J McNeill an ordained priest and psychotherapist has been devoting his life to spreading the good news of God s love for lesbian and gay Christians

Beyond Piety Gilberto Cavazos-González OFM,2010-08-01 Who doesn t want a liberated life Jesus offers us liberation as we grow in a Christian spiritual life But first we need to liberate our concept of Christian Spirituality from ideas that relegate it to Church on Sunday new age self help devotional or ascetical practices or fundamentalist aggression Traditionally Christian spirituality liberates Jesus disciples from personal sin and helps them to challenge sin s social consequences so that once liberated they will work to liberate others Christian spirituality living the Gospel brings good news for the poor liberty for the captives recovery of sight for the blind and freedom for the oppressed This is what Jesus came to do and this is what we as his disciples are called to do as we live our Christian callings in the world Whether we are at home work or play we are called to be Christian Beyond Piety invites readers to grow in their understanding of what it means to be a disciple of Christ More than a book on Franciscan or Hispanic Spirituality this book is about the Christian Spirituality all Christians are called to live It is about our human and Christian identity and the God we believe in It is about getting to know the Word of God and letting that Word get to know us It is about worship and religious devotion and moving beyond piety to Christian action It is about the call to justice and liberation
