Performing Nostalgia: Migration Culture and Creativity in South Albania Eckehard Pistrick,2017-07-05 Migration studies is an area of increasing significance in musicology as in other disciplines How do migrants express and imagine themselves through musical practice How does music help them to construct social imaginaries and to cope with longings

and belongings In this study of migration music in postsocialist Albania Eckehard Pistrick identifies links between sound space emotionality and mobility in performance provides new insights into the controversial relationship between sound and migration and sheds light on the cultural effects of migration processes Central to Pistrick s approach is the essential role of emotionality for musical creativity which is highlighted throughout the volume pain and longing are discussed not as a traumatising end point but as a driving force for human action and as a source for cultural creativity In addition the study provides a fascinating overview about the current state of a rarely documented vocal tradition in Europe that is a part of the mosaic of Mediterranean singing traditions It refers to the challenges imposed onto this practice by heritage politics the dynamics of retraditionalisation and musical globalisation In this sense the book constitutes an important study to the dynamics of postsocialism as seen from a musicological perspective *Sing Loud, Die Happy* Jim Thompson,2022-08-11

Singing is one of the most repeated commands in Holy Scripture It s right up there with believe and do not fear But commands like these can feel vaguely spiritual intangible or esoteric You might not know if you re doing them right Not so with singing You just open your mouth and make it happen And when we do we often get the sense that God is up to something that he has designed singing to change us But how How does singing do its transformative work Why has God hard wired singing with such power What does Scripture teach us about the gift of song What did the songs of Scripture feel like and sound like Why does singing awaken something so visceral and emotional within us And what are the results of being changed by the power of song Behind all of these questions lies a creative songful God He delights in singing He extends to us a melodic mission He invites us into intimacy with himself and with his people and singing is more essential to the journey than we have yet to believe **1000 Songs that Rock Your World** Dave Thompson,2011-05-03 1000 Songs

perplex choir directors The book intertwines the study of singing with the study of identity to create a rich resource for musicians scholars teachers and all those concerned with young male involvement in music through singing The conclusions of the book will challenge many attitudes and unconsidered positions through its argument that many boys actually want to sing but are discouraged by a failure of the adult world to understand the boy mind Ashley intends the book to stand as an indictment of much complacency and myopia with regard to the young male voice A substantial grant from the Arts and Humanities Research Council has enabled the production of a multi media resource for schools choirs and youth organizations called Boys Keep Singing Based on the contents of this book the resource shows how once the interest of boys is captured in primary schools their singing can be sustained and developed through the difficult but vital early secondary years of ages 11 14 about which this book says so much The resource is lavishly illustrated by short films of boys singing supported by interviews with boys and their teachers and a wealth of of animated diagrams and cartoons It is available to schools and organizations involved in musical education through registration at [www.boyskeep.singing.com](http://www.boyskeep.singing.com) *The Musical Times and Singing-class Circular* ,1869 **Pointed Roofs** Dorothy Richardson,2014-09-11 The first chapter volume of Dorothy Richardson s thirteen volume novel series Pilgrimage Pointed Roofs is a coming of age story The protagonist is Miriam Henderson seventeen years old Pointed Roofs tells the tale of Miriam s first adventure as an adult teaching English at a finishing school in Hanover Germany Though the tale is simple it is not simply told to capture the intensity of Miriam s seemingly mundane experiences Richardson developed a new narrative technique labelled stream of consciousness by the author May Sinclair Pointed Roofs is a compelling account of a young woman s dawning consciousness of what it means to be independent an individual and a woman in the early twentieth century This Broadview Edition places Richardson s inventive narrative technique in the context of early twentieth century literary modernism showing the startling newness in May Sinclair s words of Richardson s writing Letters from Richardson to friends publishers and critics show the complex relationships between her work and life **A Wondrous Mystery** Charles Spurgeon,2024-09-02 Be filled with the wonder of Christmas with thirty days of devotionals from the sermons of Charles H Spurgeon reminding us of the incarnation to be marveled at all year round **The Singer from Memphis** Gary Corby,2016 Nicolaos the only private investigator in ancient Athens discovers that helping an author with his book research can be very dangerous The would be author Herodotus has hired Nico and his priestess wife Diotima to accompany him to Egypt Unfortunately Egypt happens to be in the throes of a rebellion against the Persian Empire Pirates infest the sea route Three different armies roam the Egyptian countryside A simple historical investigation turns into a dangerous adventure of international espionage Wasn't That a Mighty Day Luigi Monge,2022-08-24 Winner of the 2023 Award for Excellence for Best History in the category of Best Historical Research in Recorded Blues R accidental disasters sinkings fires train wrecks explosions and air disasters and infestations epidemics and diseases the boll weevil the jake leg and influenza Analyzed songs cover some of the most well

known disasters of the time period from the sinking of the Titanic and the 1930 Drought to the Hindenburg accident and more Thirty previously unreleased African American disaster songs appear in this volume for the first time revealing their pertinence to the relevant disasters By comparing the song lyrics to critical moments in history Monge is able to explore how deeply and directly these catastrophes affected Black communities how African Americans in general and blues and gospel singers in particular faced and reacted to disaster whether these collective tragedies prompted different reactions among white people and if so why and more broadly how the role of memory in recounting and commenting on historical and cultural facts shaped African American society from 1879 to 1955 **My Favorite Song ~The Silver Siren~** Kairi
