*The Sword of Deborah: First-hand impressions of the British Women's Army in France* F. Tennyson Jesse, 2021-04-25

In *The Sword of Deborah*, First-hand impressions of the British Women's Army in France, F. Tennyson Jesse presents a compelling and nuanced exploration of the pivotal role played by women during World War I. Through her rich narrative style, which intertwines vivid personal accounts with sociopolitical commentary, Jesse captures the essence of the women who emerged from traditional roles to assume critical positions in the British Army. The book masterfully blends memoir and reportage, painting a portrait of courage, resilience, and the evolving social fabric of wartime Britain, thereby contextualizing women's contributions against the backdrop of a predominantly male military narrative.

F. Tennyson Jesse, a prominent figure in British literature, was deeply influenced by her own experiences during the war and her advocacy for women's rights. Born in 1888, Jesse's literary and journalistic career spanned multiple genres and often challenged societal norms. Her firsthand exposure to the women's army infused her writing with authenticity and urgency as she sought to document not only their struggles but also their indomitable spirit, reflecting her commitment to social progress.

This book is a vital read for anyone interested in military history, gender studies, or the role of women in societal change. Jesse's insightful observations and engaging prose offer a rare glimpse into an era where women redefined their identities and capabilities.

*The Sword of Deborah* not only celebrates their achievements but also serves as a poignant reminder of the ongoing quest for equality.

**The Long Road of Woman's Memory** Jane Addams, 2021-01-01

*The Long Road of Woman's Memory* by Jane Addams. This essay, first published in 1916, reflects on the role of women in history and the challenges they face in achieving recognition and equality. Addams argues that women's contributions to society have often been overlooked or undermined and advocates for a more inclusive and equitable approach to historical scholarship.

**Key Aspects of the Book:**

- The Long Road of Woman's Memory:** Feminist Scholarship. The essay represents an early example of feminist scholarship and advocacy for gender equality.
- Historical Legacy:** Addams explores the ways in which women's contributions to history and culture have been erased or marginalized, highlighting the importance of recognizing and celebrating these achievements.
- Intersectionality:** Addams argues that gender is just one of many intersecting identities and experiences that shape women's lives and histories, calling for a more nuanced and inclusive approach to understanding gender and power.

Jane Addams was an American social reformer, activist, and feminist who is best known for her work in founding Hull House, a settlement house in Chicago dedicated to serving the city's marginalized communities. Addams was a vocal advocate for peace, women's rights, and social justice, and her writings and activism continue to inspire generations of activists and scholars.

*The Long Road of Woman's Memory* is one of her most important essays, providing a powerful example

of feminist scholarship and advocacy in the early 20th century      Women and the Historical Enterprise in America: Gender, Race and the Politics of Memory Julie Des Jardins, 2004-07-21 In *Women and the Historical Enterprise in America* Julie Des Jardins explores American women's participation in the practice of history from the late nineteenth century through the end of World War II a period in which history became professionalized as an increasingly masculine field of scientific inquiry Des Jardins shows how women nevertheless transformed the profession during these years in their roles as writers preservationists educators archivists government workers and social activists Des Jardins explores the work of a wide variety of women historians both professional and amateur popular and scholarly conservative and radical white and nonwhite Although their ability to earn professional credentials and gain research access to official documents was limited by their gender and often by their race these historians addressed important new questions and represented social groups traditionally omitted from the historical record such as workers African Americans Native Americans and religious minorities Assessing the historical contributions of Mary Beard Zora Neale Hurston Angie Debo Mari Sandoz Lucy Salmon Mary McLeod Bethune Dorothy Porter Nellie Neilson and many others Des Jardins argues that women working within the broadest confines of the historical enterprise collectively brought the new perspectives of social and cultural history to the study of a multifaceted American past In the process they not only developed the field of women's history but also influenced the creation of our national memory in the twentieth century      **The American Review of Reviews**, 1917      *American Monthly Review of Reviews* Albert Shaw, 1917      Pacifism as War Abolitionism Cheyney Ryan, 2024-03-12 Responding to the unprecedented violence of our times and the corresponding interest in nonviolent solutions this book takes up the heart of pacifism its critique of what pacifists have termed the war system *Pacifism as War Abolitionism* provides an account of the war system that draws on contemporary sociology history and political philosophy The core of its critique of that system is that war begets war and hence war will not be ended or even constrained by finding more principled ways to fight war as many imagine War can only be ended by ending the war system which can only be done nonviolently This has been the message of pacifism's great voices like Gandhi Dr Martin Luther King Jr and Dorothy Day It is the principal message of this book Key Features Draws extensively on the sociological and historical research on war to expand the usual philosophical discussion beyond hypothetical accounts Expands the dialogues on the ethics of war beyond just war theory to its principal alternative pacifism Engages discussion of empire and imperialism in relation to the logic and development of the war system Presents pacifism's response to the reality of war today including the idea of never ending war      **The American Review of Reviews** Albert Shaw, 1917      **The SAGE Handbook of Feminist Theory** Mary Evans, Clare Hemmings, Marsha Henry, Hazel Johnstone, Sumi Madhok, Ania Plomien, Sadie Wearing, 2014-08-12 At no point in recorded history has there been an absence of intense and heated discussion about the subject of how to conduct relations between women and men This Handbook provides a comprehensive guide to these omnipresent issues and debates mapping the present and future of

thinking about feminist theory The chapters gathered here present the state of the art in scholarship in the field covering Epistemology and marginality Literary visual and cultural representations Sexuality Macro and microeconomics of gender Conflict and peace The most important consensus in this volume is that a central organizing tenet of feminism is its willingness to examine the ways in which gender and relations between women and men have been and are organized The authors bring a shared commitment to the critical appraisal of gender relations as well as a recognition that to think theoretically is not to detach concerns from lived experience but to extend the possibilities of understanding With this focus on theory and theorizing about the world in which we live this Handbook asks us across all disciplines and situations to abandon our taken for granted assumptions about the world and interrogate both the origin and the implications of our ideas about gender relations and feminism It is an essential reference work for advanced students and academics not only of feminist theory but of gender and sexuality across the humanities and social sciences

**Classical American Philosophy** Rebecca L. Farinas, 2021-01-14 In *Classical American Philosophy Poiesis in the Public Square* Rebecca Farinas takes seven major figures from the American philosophical canon and examines their relationship with an artistic or scientific interlocutor It is a unique insight into the origins of American philosophy and through case studies such as the friendship between Alain Locke and the biologist E E Just and the collaboration between Jane Addams and George Herbert Mead Farinas provides a new insight into these thinkers ideas Her new perspective allows her to move beyond relational aesthetics to consider these theorists phenomenological metaphysical religious and cosmological ideas and reapply them to the modern world Indeed the partnerships she examines have proved especially valuable to newer philosophical fields like value theory ethics pedagogy and semiotics Her links between art and science also provide new vantage points on our society s continuing artistic endeavours and technological advances and introduce an exciting new perspective on early American philosophy and its ensuing movements
