Look And See A First Picture:

Looking Through Freud's Photos Michael Molnar, 2018-05-01 A moody Freud posed against a background of holiday pictures pinned to a wall or lurking at the very edge of a large family group or lost in a crowd of nineteenth century scientists These snapshots or posed portraits not only tell stories they also carry a specific emotional charge The earlier essays in this book follow traces of Freud's early years through the evidence of such album photographs the later essays use them to reconstruct the stories of various family members An unknown photo of his half brother Emanuel initiates an investigation into the Manchester Freuds An identity photo of his daughter Anna and the document to which it is attached throw light on the critical final days of her trip to England in 1914 A faded idyllic print of children playing evolves into a discussion of Ernst Freud's luck and childhood The suicide of Anna's artist cousin Tom Seidmann Freud emerges from a snap of her infant daughter Angela

Ronald Fletcher,2013-12-05 In 1976 five years after his death serious charges were leveled against the distinguished British scientist Sir Cyril Burt His research on the nature of intelligence was challenged as fraudulent by a number of respected commentators among them Leon Kamin Oliver Gillie Ann and Alan Clarke and Leslie Hearnshaw The evidence they marshaled and the charges themselves are examined here in scrupulous detail Written as a straightforward defense of Burt this volume also tells a second story the intrusion of the mass media into science the power of the new media and the success of this invasion which threatens to replace intellectual authority Convinced that a great injustice had been done Fletcher examines each of the charges in detail subjecting each of Burt s detractors to a symbolic cross examination He exposes carelessness and errors of interpretation and reveals areas of evidence the critics failed to take into account Each interrogation ends with a list of questions that call for clear public answer Fletcher s closing argument calls for the restoration of Burt s reputation so that justice is done The broader significance of this case study goes far beyond the Burt controversy itself and has implications for the conduct of science in an increasingly contentious social environment Fletcher describes how ideology in alliance with a receptive popular journalism and the media is able to establish itself as a powerful third force in scientific discourse The Burt Affair demonstrates what happens when the media establish a viewpoint that permeates not only the scientific community but also entrenches that perspective so thoroughly in public understanding that its assumptions are not even questioned **Why Red Doesn't Sound Like a Bell** J. K. O'Regan,2011-06-24 This work proposes a novel view to explain how we as humans can have the impression of consciously feeling things for example the red of a sunset the smell of a rose the sound of a symphony or a pain **André Kertész** André Kertész,J. Museum, 1994 Kertesz created some of the most acclaimed photographs of the twentieth century and the J Paul Getty Museum is fortunate to own a wide selection of his work This volume the first in the Museum's new In Focus series which is devoted to photographers whose work is particularly well represented in the Getty presents a handsome selection from the 164 Kertesz photographs in the Museum's collection The photographs are accompanied by commentaries by Weston Naef the Getty's Curator of Photographs

Bigfoot Film Journal Christopher L. Murphy, 2009-03-25 Bigfoot Film Journal provides a detailed account and analysis of the circumstances and aftermath of one of the most controversial motion picture films in world history the Patterson Gimlin film In October 1967 Roger Patterson and Robert Gimlin filmed what many people believe was an actual sasquatch or bigfoot on a shore of Bluff Creek in Northern California The one minute film they took of the creature has been vigorously debated for over 40 years and it continues to reside in the annals of the unexplained The creature filmed cannot be proven to be either an actual primate of some sort or a fabrication Much has been written about the film in the past but the details of the filming and its aftermath have not been thoroughly researched and subjected to in depth critical analysis With the assistance and cooperation of Robert Gimlin and several major sasquatch bigfoot researchers the author has methodically detailed the fascinating story of the filming and the subsequent events Many little known or indeed previously unknown facts are presented that dismiss or at the very least challenge current beliefs and understandings For those interested in the bigfoot sasquatch issue here is the behind the scene account of what has become to many people the most compelling evidence of the creature's existence
