Do You Want to Drive, Or Do You Want to Bitch? Driving Under the Influence of the One You Love Ph. D. Rabbi Sheldon Wayne Moss D. D., 2014-02 Do we choose to create what we need or complain about its absence In long term intimate relationships it all comes down to a choice Drive or Bitch Rabbi Doctor Sheldon Wayne Moss has guided thousands of couples into more satisfying long term relationships As a research psychologist he has demonstrated that using humor to bond is a relationship skill that can be easily learned He says

Couples argue in the car about each other's driving. At one point I turned to Barbara my wife and made an offer: Do you want to drive or do you want to bitch about my driving? It spiked a hearty laugh and got us thinking. We road test this proactive choice throughout Barbara's serious battle with Stage 4 Mantle Cell Lymphoma Cancer. I take the readers into a ground shifting seminar of many couples describing how they stopped complaining and nourished their bonding instead. About the Author: As founder of the Soviet American Forum, Rabbi Sheldon Wayne Moss, D.D., Ph.D., convened the five international human rights conferences between East and West during Perestroika. With his wife, he founded Sunburst Rabbinic Retreat Center, a national think tank in Boulder, Colorado. The couple has been married 29 years, have four children and eight grandchildren. He is now the rabbi of Temple Beth Shalom northwest of Phoenix and is president of the Area Ministerial Association. Publisher's website: <http://sbprabooks.com>. House & Garden, 1920. *Old-House Journal*, 1997-09. Old House Journal is the original magazine devoted to restoring and preserving old houses. For more than 35 years, our mission has been to help old house owners repair, restore, update and decorate buildings of every age and architectural style. Each issue explores hands-on restoration techniques, practical architectural guidelines, historical overviews and homeowner stories, all in a trusted, authoritative voice. **Kitchen Cabinets**, Del Hardegree, 2017-11-26. This book is the source for field-tested ideas that have stood the ravages of time, presented by a hands-on award-winning cabinet man with over forty years experience. The difference in most cabinet DIY books and this book is in the details. This book is written from the inside of a cabinet shop, not from behind a designer's ten thousand dollar desk or some sophisticated book-selling think tank. My chapter on Kitchen Design and Cabinet Layout is based on forty years of award-winning work. I won the best kitchen award in the Home Builders Association's Parade of Homes three years in a row. I introduced our community to Corian tops back when roll-formed tops were all the rage and granite wasn't available. You need this book if you want common sense solutions with detailed instructions on Kitchen design, Cabinet layout, Measuring for new cabinets, Building cabinets, Measuring for new cabinet doors, New doors over old cabinets, Building new drawers, Installing new drawers in old cabinets, Painting new and existing cabinets, Changing existing cabinets into an eye-popping miracle. Gadgets work in the kitchen. What are the latest styles? How to avoid common traps. Factory made or custom made. About twenty years ago I stopped following the home builders market and started to concentrate mostly on refurbishing or remodeling existing kitchens. I can't stress enough how little money it might take to change your old out-of-date cabinets into a totally new look. For one example, look on the link. Look Inside. The picture on the cover of this book is a very simple fix on what used to be an all-white kitchen. Even the doors are not new. Expect many new ideas of help to transform your old outdated kitchen into a totally beautiful work space to be proud of. Del Hardegree.
