Lookersout Of Worcestershire:

Birds In Counties: An Ornithological Bibliography Of The Counties Of England, Wales, Scotland And The Isle Of Man

David K Ballance,2000-05-05 This is an ornithological bibliography for the counties of England Wales and Scotland and for the Isle of Man It includes all known books pamphlets and papers which contain substantial studies of the birds of local areas from a county down to a back garden or a gravel pit Each county has an introduction on its boundaries and the history of its ornithology There has been no comprehensive national publication of this kind since Mullens Swann and Jourdain s Geographical Bibliography in 1920 The volume also provides a detailed record of the many county and local bird reports and of the ever increasing number of area surveys produced by statutory and voluntary bodies The material is arranged by the pre 1974 counties and takes the record up to 1995 There are maps to show the many changes in county boundaries since 1800 The book will be a standard reference work for libraries and collectors and for anyone interested in the rich and diverse development of local ornithology in its homeland

Enlightenment Travel and British Identities

Mary-Ann Constantine,Nigel Leask,2017-04-15 Weaving together science history antiquarianism and art this stimulating collection of essays amply demonstrates Thomas Pennant s centrality to a broad range of British Enlightenment debates and discourses especially those relating to Britain s so called Celtic Fringe At the same time it underscores the epistemological importance of travel and travel writing in the late eighteenth century Carl Thompson Senior Lecturer in English St Mary s University UK

Naturalists and Society D.E. Allen,2024-10-28 The author s aim in these essays which complement his pioneering books on natural history has been to find out more about the different categories of people who engaged in this field in the past and to piece together how the subject has been shaped by changes in society as a whole For long the historical study of natural history was neglected being questionably science as historians of science chose to define that word David Allen s work has done much to remedy this One group of the essays included here seeks to reinterpret and document more fully topics covered in The Naturalist in Britain others look at crazes that swept society notably the Victorian mania for fern collecting and at the biographies of some of the leading naturalists in 18th and 19th century Britain

The Invention of the English Landscape

Peter Borsay,Rosemary Sweet,2023-07-27 Since at least the Reformation English men and women have been engaged in visiting exploring and portraying in words and images the landscape of their nation The Invention of the English Landscape examines these journeys and investigations to explore how the natural and historic English landscape was reconfigured to become a widely enjoyed cultural and leisure resource Peter Borsay considers the manifold forces behind this transformation such as the rise of consumer culture the media industrial and transport revolutions the Enlightenment Romanticism and the Gothic revival In doing so he reveals the development of a powerful bond between landscape and natural identity against the backdrop of social and political change from the early modern period to the start of the Second World War Borsay s interdisciplinary approach demonstrates how human understandings of the natural world shaped the

geography of England and uncovers a wealth of valuable material from novels and poems to paintings that expose historical understandings of the landscape This innovative approach illuminates how the English countryside and historic buildings became cultural icons behind which the nation was rallied during war time and explores the emergence of a post war heritage industry that is now a definitive part of British cultural life
