Connections in the Spanish-Speaking World Emmanuelle Sinardet,Ana María Ramírez Gómez,2024-11-09 This volume presents geographical journeys that challenge the limits of national or cultural identities as well as journeys traversed by stories of exile and forced displacement which become pilgrimages towards themselves defying in this process both the limits of their own identities and the borders between the self and the other The volume is divided into three parts The first part explores the circulation of writers and texts which have traveling as a common point of departure the second part is dedicated to reflecting on the concept of Orientalism from multiple perspectives but preserving the perpetuation of colonial structures of subordination and otherization as a central axis around which all the proposed analyses revolve the third part is dedicated to the formulation of new cultural patterns and identities in the Philippines as results of the interactions and interconnectivities between Wests Spain United States and Philippines **From Ancient Rome to Colonial Mexico** David

Charles Wright-Carr,Francisco Marco Simón,2023-05-01 From Ancient Rome to Colonial Mexico compares the Christianization of the Roman Empire with the evangelization of Mesoamerica offering novel perspectives on the historical processes involved in the spread of Christianity Combining concepts of empire and globalization with the notion of religion from a postcolonial perspective the book proposes the method of analytical comparison as a point of departure to conceptualize historical affinities and differences between the ancient Roman Empire and colonial Mesoamerica An international team of specialists in classical scholarship and Mesoamerican studies engage in an interdisciplinary discussion involving ideas from history anthropology archaeology art history iconography and philology Key themes include the role of religion in processes of imperial domination religion s use as an instrument of resistance or the imposition appropriation incorporation and adaptation of various elements of religious systems by hegemonic groups and subaltern peoples the creative misunderstandings that can arise on the middle ground and Christianity s rejection of ritual violence and its use of this rejection as a pretext for inflicting other kinds of violence against peoples classified as barbarian pagan or diabolical From Ancient Rome to Colonial Mexico presents a sympathetic vantage point for discussing and attempting to decipher past processes of social communication in multicultural contexts of present day realities It will be significant for scholars and specialists in the history of religions ethnohistory classical antiquity and Mesoamerican studies Publication supported in part by Spain s Ministry of Economy and Competitiveness Contributors Sergio Botta Maria Celia Fontana Calvo Martin Devecka Gy rgy N meth Guilhem Olivier Francisco Marco Sim n Paolo Taviani Greg Woolf David Charles Wright Carr Lorenzo P rez Yarza Translators Emma Chesterman Benjamin Adam Jerue Layla Wright Contreras **Resources in Education** ,1998-07

Becoming Mexican American George J. Sanchez,1995-03-23 Twentieth century Los Angeles has been the locus of one of

the most profound and complex interactions between variant cultures in American history Yet this study is among the first to examine the relationship between ethnicity and identity among the largest immigrant group to that city By focusing on Mexican immigrants to Los Angeles from 1900 to 1945 George J S nchez explores the process by which temporary sojourners altered their orientation to that of permanent residents thereby laying the foundation for a new Mexican American culture Analyzing not only formal programs aimed at these newcomers by the United States and Mexico but also the world created by these immigrants through family networks religious practice musical entertainment and work and consumption patterns S nchez uncovers the creative ways Mexicans adapted their culture to life in the United States When a formal repatriation campaign pushed thousands to return to Mexico those remaining in Los Angeles launched new campaigns to gain civil rights as ethnic Americans through labor unions and New Deal politics The immigrant generation therefore laid the groundwork for the emerging Mexican American identity of their children **Library of Congress Catalog: Motion Pictures and**

Sex, Love, and Migration Alexia Bloch,2017-12-15 Sex Love and Migration goes beyond a common narrative of women s exploitation as a feature of migration in the early twenty first century a story that features young women from poor countries who cross borders to work in low paid and often intimate labor Alexia Bloch argues that the mobility of women is marked not only by risks but also by personal and social transformation as migration fundamentally reshapes women s emotional worlds and aspirations Bloch documents how as women have crossed borders between the former Soviet Union and Turkey since the early 1990s they have forged new forms of intimacy in their households in Moldova Ukraine Belarus and Russia but also in Istanbul where they often work for years on end Sex Love and Migration takes as its subject the lives of post Soviet migrant women employed in three distinct spheres sex work the garment trade and domestic work Bloch challenges us to decouple images of women on the move from simple assumptions about danger victimization and trafficking She redirects our attention to the aspirations and lives of women who despite myriad impediments move between global capitalist centers and their home communities Educational Motion Pictures, Filmstrips, Lantern Slides, Recordings Michigan State University.
