detail In order to make the collection useful to scholars with a wide range of interest it has been divided into three parts Part 1 is a chronological presentation of commentary on German literature in general It also contains collective reviews of multiple German authors notices of important anthologies and reactions to influential works about Germany and its culture Part 2 collects reviews of 18th Century individual German authors and Part 3 is devoted to the English reception of Goethe and Schiller Parts 2 3 contain cross references to the collective reviews of Part 1 Containing over 200 British serials and articles and reviews from all the major English literary periodicals the collection also includes a broad sampling of opinion from the more general magazines including some popular religious publications

**Plato and the Body** Coleen P. Zoller,2018-08-01 Offers an innovative reading of Plato analyzing his metaphysical ethical and political commitments in connection with feminist critiques For centuries it has been the prevailing view that in prioritizing the soul Plato ignores or even abhors the body however in Plato and the Body Coleen P Zoller argues that Plato does value the body and the role it plays in philosophical life focusing on Plato s use of Socrates as an exemplar Zoller reveals a more refined conception of the ascetic lifestyle epitomized by Socrates in Plato s Phaedo Symposium Phaedrus Gorgias and Republic Her interpretation illuminates why those who want to be wise and good have reason to be curious about and love the natural world and the bodies in it and has implications for how we understand Plato s metaphysical and political commitments This book shows the relevance of this broader understanding of Plato for work on a variety of relevant contemporary issues including sexual morality poverty wealth inequality and peace Zoller gives us a new way of going forward in Plato studies Her reading of the Platonic conception of embodiment frees it from the negative associations of the past Plato and the Body will radically shift the scholarly conversation The book is truly an exhilarating read Anne Marie Schultz author of Plato s Socrates as Narrator A Philosophical Muse
