Schwartz, 1992-01-01 **Minds on Trial** Charles Patrick Ewing, Joseph T. McCann, 2006-03-16 Minds on Trial Great Cases in Law and Psychology gives you an inside view of 20 of the highest profile legal cases of the last 50 years The authors skillfully convey the psychological and legal drama of each case while providing important and fresh professional insights Mental health and legal professionals as well as others with an interest in psychology and the law will have a hard time putting this scholarly yet readable book down **Murder Most Queer** Jordan Schildcrout, 2014-10-09 The villainous

homosexual has long stalked America's cultural imagination most explicitly in the figure of the queer murderer a character in dozens of plays But as society's understanding of homosexuality has changed so has the significance of these controversial characters especially when employed by LGBT theater artists themselves to explore darker fears and desires Murder Most Queer examines the shifting meanings of murderous LGBT characters in American theater over a century showing how these representations wrestle with and ultimately subvert notions of gay villainy Murder Most Queer works to expose the forces that create the homophobic paradigm that imagines sexual and gender nonconformity as dangerous and destructive and to show how theater artists and for the most part LGBT theater artists have rewritten and radically altered the significance of the homicidal homosexual Jordan Schildcrout argues that these figures far from being simple reiterations of a homophobic archetype are complex and challenging characters who enact trenchant fantasies of empowerment replacing the shame and stigma of the abject with the defiance and freedom of the outlaw giving voice to rage and resistance These bold characters also probe the darker anxieties and fears that can affect queer lives and relationships Instead of sentencing them to the prison of negative representations this book analyzes the meanings in their acts of murder confronting the real fears and desires condensed in those dramatic acts *Murder and the Reasonable Man* Cynthia Lee, 2007-10 A man murders his wife

after she has admitted her infidelity another man kills an openly gay teammate after receiving a massage a third man white goes for a jog in a bad neighborhood carrying a pistol and shoots an African American teenager who had his hands in his pockets When brought before the criminal justice system all three men argue that they should be found not guilty the first two use the defense of provocation while the third argues he used his gun in self defense Drawing upon these and similar cases Cynthia Lee shows how two well established traditional criminal law defenses the doctrines of provocation and self defense enable majority culture defendants to justify their acts of violence While the reasonableness requirement inherent in both defenses is designed to allow community input and provide greater flexibility in legal decision making the requirement

also allows majority culture defendants to rely on dominant social norms such as masculinity heterosexuality and race i e racial stereotypes to bolster their claims of reasonableness At the same time Lee examines other cases that demonstrate that the reasonableness requirement tends to exclude the perspectives of minorities such as heterosexual women gays and lesbians and persons of color Murder and the Reasonable Man not only shows how largely invisible social norms and beliefs influence the outcomes of certain criminal cases but goes further suggesting three tentative legal reforms to address problems of bias and undue leniency Ultimately Lee cautions that the true solution lies in a change in social attitudes

were human beings and they were Burundians Most importantly they were created in the same image of God As innocent civilians including his own family were either killed or sent into hiding Jacob strived to make a change His life journey took him into many dangerous situations escaping certain death on several occasions He crossed the borders lakes and oceans to seek asylum in foreign countries only to see that once our basic needs are met we will always strive for more ultimately seeking peace and love After struggling in numerous refugee camps where he often slept under the open sky Jacob had finally had enough Now already an adult and a father he was determined that his children would live a different life away from hatred and injustice Still by moving to Canada a land of living blue skies as he liked to call it he did not find life a rose as he hoped Thus Nikita Chissocco his childhood friend seemed to be a dream come true She epitomized the joy he had lost a link to his homeland a friend a lover and a mother to his future children Little did he know that she would only bring misery to his life Always a free spirit she soon brought his old enemies into his life threatening his family but also his very life Jacob decided to end the upsetting games by chasing demons from his house And you how far are you prepared to go in order to fulfill your dreams
