## **Management Knowledge A Critical View:**

*Management Knowledge* Paul Griseri, 2017-04-17 This book fills the gap for a text which presents a theoretically based critique of management knowledge but in an accessible form which is relevant to MBA students and practitioners alike. Students have to learn and digest accepted management knowledge and practitioners look to gurus as a source of management knowledge without any appreciation of how secure these ideas may be. This book will therefore be relevant to both students and practitioners in questioning how far management research actually leads to genuine knowledge of organizations.

*The Politics of Management Knowledge in Times of Austerity* Ewan Ferlie, Sue Dopson, Chris Bennett, Michael Fischer, Jean Ledger, Gerry McGivern, 2018 The book explores the various management knowledges and associated texts apparent in English health care organizations reflecting on the nature production and consumption of management knowledge and the influence of political economy and changing institutional forms during the period of the politics of austerity.
