Management Of Nonprofit Organizations:

Strategic Leadership and Management in Nonprofit Organizations Martha Golensky, 2019-12-24 Survival is a critical concern for nonprofits in today's competitive environment. *Strategic Leadership and Management in Nonprofit Organizations* provides the tools leaders need to secure vital resources and make sound decisions for their organizations. Martha Golensky, with her extensive experience as a nonprofit executive consultant and educator, provides a comprehensive picture of the challenges confronting nonprofits and shows how they can be met in the most effective, efficient, and ethical manner. This book is a useful guide for students and professionals new to the workplace as well as a handy reference for experienced managers. Topics include successfully managing change, strengthening programs, nurturing a dynamic board of directors, diversifying revenues, and building a strong, committed staff and volunteer corps.

Understanding Nonprofit Organizations Lisa A. Dicke, J. Steven Ott, 2023-04-03 There are no easy solutions to the complexities faced by nonprofit leaders and managers. This textbook addresses the governance, leadership, and management functions of the thousands of organizations in the nonprofit sector that provide an enormous range of services. This thoroughly revised fourth edition of *Understanding Nonprofit Organizations* does not simply recount and summarize seminal literature; it presents 22 of the most important and informative articles, chapters, and essays written about the workings of nonprofit organizations alongside 18 case studies that illustrate the complex governing and managing issues raised in the chapters. The introductions that open each of the sections explore important issues and concepts, provide context, and explain what students should be looking for as they read each of the chapters. Each section introduction has been extensively rewritten or updated to address recent movements and changes in the nonprofit field, including the impacts of the COVID-19 pandemic on all aspects of nonprofit organizations, functions, and ability to raise funds; increasing social and political divides within countries and communities; the gains and problems that have arisen with dramatic expansion of social media; and the need for justice, equity, diversity, and inclusion in our organizations and our society. *Understanding Nonprofit Organizations* provides a cohesive set of relevant readings for a course on nonprofit organizations and management, and instructors and students will appreciate the original case studies that parallel the major themes presented. The book is also designed for individuals who are hoping or planning to move into paid or voluntary leadership and management positions in nonprofit organizations as well as for those already involved with nonprofits seeking to improve their skills and understanding of their chosen field.

The Nonprofit Management

Handbook Tracy D. Connors, 1993 Take the trial and error out of nonprofit management by drawing on the experience of top nonprofit experts. Now in paperback. Imagine being able to sit down and talk shop with fund-raising professionals, legal experts, management consultants, and nonprofit executives. Think of all the exciting management ideas you could walk away with—ideas that could help you run your nonprofit organization more efficiently and effectively.
