Keat, Philip K. Y. Young, 2006 For managerial economics courses taught in business schools and economics departments This text provides a vivid learning environment by integrating a running case study and providing a dynamic capstone case Managerial Economics Paul G. Keat, Philip K. Y. Young, 1996 This book presents readers with a unique and distinctive case study running throughout each chapter focusing on the decision making processes of a hypothetical company The dynamic business setting that is the hypothetical Global Foods provides an interesting backdrop for the discussion of microeconomic theory and the tools of quantitative analysis used in management decision making Also covered by the authors are topics such as supply and demand forecasting cost special pricing practices and the role of the government in the market economy For small business owners or large company management players who want to relate economic concepts principles and theories to their everyday business activity **Managerial Economics** Paul G. Keat, Philip K. Y. Young, Stephen Eugene Erfle, 2017 Managerial Economics, Economic Tools for Today's Decision Makers William Boyes, 2005-12-01 **Managerial Economics** Thomas J. Webster, Paul G. Keat, Philip K. Y. Young, 1996 Managerial Economics Barry Keating, 1986 Managerial Economics: Economic Tools For Today's Decision Makers, 6/E Keat Paul G., 2011-09 Baseball in Crisis Frank P. Jozsa, Jr., 2014-01-10 Recent polls have placed football ahead of baseball in popularity Does this reflect football's rise or baseball's decline Why has the national pastime a title perhaps becoming inaccurate fallen behind other major sports Is the trend reversible This book identifies the most substantial and persistent issues that have impaired Major League Baseball's development Chapters cover inflationary player team and game costs changes in baseball's fan base congestion in urban areas that host big league ballclubs the negligent and irrational actions some of it criminal of players owners league officials and the players union and the maldistribution of power among the major league franchises Six major reforms needed to boost the popularity of baseball are identified *A Guide to What's Wrong with Economics* Edward Fullbrook, 2004 During a time of accelerating momentum for radical change in the study of economics A Guide to What's Wrong with Economics comprehensively re-examines the shortcomings of neoclassical economics and considers a number of alternative

formulations Managerial Economics M. J. Alhabeeb, L. J. Moffitt, 2012-11-05 Uncertainty is present in every managerial decision and Managerial Economics A Mathematical Approach effectively demonstrates the application of higher level statistical tools to inform and clarify the logic of problem solving in a managerial environment While illuminating managerial decision making from all possible angles this book equips readers with the tools and skills needed to recognize and address uncertainty The book also explores individual firm and market level decisions discusses all possible risks and uncertainties encountered in the decision making process and prepares readers to deal with both epistemic and aleatory uncertainty in managerial decisions Managerial Economics features An emphasis on practical application through real life examples and problems An accessible writing style that presents technical theories in a user friendly way A mathematical and statistical point of view that reveals the presence of uncertainty inherent in managerial decisions Thoroughly class tested material including problems at the end of each chapter case study questions review exercises and objectives that summarize the main discussions Managerial Economics is an excellent book for upper undergraduate and graduate level courses in business and economics departments The book is also an ideal reference and resource for managers decision makers market analysts and researchers who require information about the theoretical and quantitative aspects of the topic **Real World Economics** Edward Fullbrook, 2007 Economics is extremely sick It is so locked in its past that nearly all of its introductory textbooks are modelled on one that appeared in 1948 The discipline cannot continue in its autistic state much longer This book takes you to the heart of a fiery and many faceted debate It is comprised of 66 articles that have been selected based on their importance to the reform movement and for their accessibility to the general reader Real economic problems concern real people so their analysis must be made intelligible to an educated general public if real democracy is to function All economists must learn to live without the belief that there is only one right way of describing and explaining reality This requires economists to begin the development of an ethos of honesty regarding the limitations of their chosen approaches Managerial Economics for Decision Making John Adams, Linda Juleff, 2017-09-16 Managerial Economics for Decision Making is designed for MBA and final year undergraduates taking a module in Managerial Economics The text is written in a lively and engaging style with the use of mathematics kept to a minimum Ample examples and case studies demonstrate how economics can be used as a tool to tackle issues and problems in a business and management context **Multiple-Criteria Decision-Making (MCDM) Techniques and Statistics in Marketing** Tarnanidis, Theodore, Papathanasiou, Jason, Ismyrlis, Vasileios, Kittu Manda, Vijaya, 2025-03-13 Marketing has become increasingly popular utilizing multi criteria decision making MCDM methods and statistics to create robust frameworks for making informed and strategic decisions Computational and modeling breakthroughs have resulted in a significant increase in the use of MCDM methods in marketing in the past decade making it an ideal solution for many marketing problems Statistics can now be used to conduct MCDM analyses on a variety of marketing problems including new product introduction and pricing using multiple data sources Businesses can make more

informed strategic and effective decisions by using MCDM methods and statistical analysis in marketing By using these tools marketers can improve market performance and competitive advantage by optimizing product development pricing strategies market segmentation and campaign effectiveness Multiple Criteria Decision Making MCDM Techniques and Statistics in Marketing explores the effects of MCDM techniques on marketing practices It covers a wide range of statistics and research to examine MCDM in shaping modern consumer science This book covers topics such as management science product development and consumer behavior and is a useful resource for marketers business owners data scientists academicians and researchers

Forestry Economics John E. Wagner, 2011-07-26 Forestry Economics introduces students and practitioners to all aspects of the management and economics of forestry The book adopts the approach of managerial economics textbooks and applies this to the unique processes and problems faced by managers of forests While most forestry economics books are written by economists for future economists what many future forest and natural resource managers need is to understand what economic information is and how to use it to make better business and management decisions John E Wagner draws on his twenty years of experience teaching and working in the field of forest resource economics to present students with an accessible understanding of the unique production processes and problems faced by forest and other natural resource managers There are three unique features of this book The first is its organization The material is organized around two common economic models used in forest and natural resources management decision making The second is the use of case studies from various disciplines Outdoor and Commercial Recreation Wood Products Engineering Forest Products and Forestry The purpose of these case studies is to provide students with applications of the concepts being discussed within the text The third is revisiting the question of how to use economic information to make better business decisions at the end of each chapter This ties each chapter to the preceding ones and reinforces the hypothesis that a solid working knowledge of these economic models and the information they contain are necessary for making better business decisions This textbook is an invaluable source of clear and accessible information on forestry economics and management for not only economics students but for students of other disciplines and those already working in forestry and natural resources
