Mediterranean Paradoxes The Politics And Social Structure Of Southern Europe:

Mediterranean Paradoxes James Kurth, James F. Petras, 1993 This volume presents a comparative analysis of the political development of the four countries of Southern Europe Italy Spain Portugal and Greece The first section of the book provides a historical overview of the politics and social structure of Southern Europe from the industrial revolution to the present The focus in the second section is on the relationships between economic transformation social conflict and political change from the 1970s to the present The book concludes with an analysis of the political consequences of current market economic policies

The Politics of Southern Europe José Magone, 2003-02-28 European integration has had a profound impact on the politics of Southern Europe a region that was initially at the margin of the decision making processes of the European Union but is gradually becoming more and more influential This volume offers a comparative overview of modern politics in Spain Portugal Italy and Greece focusing in particular on the process of integration of these countries into the European Union and on the impact of European public policy The author analyzes the development of Southern European political systems from the establishment of democratic governments to the most recent political events looking at each individual system and finding patterns similarities of development as well as differences between them Among the topics examined are the building of institutions the parties and party systems foreign policies the political culture of each country and the recent efforts towards the creation of a space of security and peace in the Mediterranean

Democracy in Southern Europe Isabelle Calleja Ragonesi, 2019-02-28 How have Malta and Cyprus both EU members transitioned from colonial island states to independent democracies With the assistance of primary documentation this book traces the difficult path of these two states to becoming independent liberal democracies by using the pathway of democratization through decolonization Using socio economic and political data analysed through the microscope of political science and international relations theories Isabelle Calleja Ragonesi charts the progress of the two islands in the context of a number of four distinct phases Firstly decolonization independence and achieving the status of procedural democracies secondly post colonial independence consolidating democracy and regime breakdown thirdly sovereign nation state status and second attempts at consolidating democracy and finally attempting to reach substantive democracy status and EU membership The study of these two states is contextualized within the context of democratization in Southern Europe and the cases of Malta and Cyprus provide new insights on the region for scholars of political science and international institutions

Parties, Politics, and Democracy in the New Southern Europe P. Nikiforos Diamandouros, Richard Gunther, 2001-06-11 In the acclaimed Politics of Democratic Consolidation Nikiforos Diamandouros Richard Gunther and their co authors showed how democratization unfolded in Greece Italy Portugal and Spain culminating in consolidated democratic regimes This volume continues that analysis posing the basic question What kind of democratic politics emerged in those countries It presents systematic analyses of the basic institutions of government and of the dynamics of electoral competition in the four countries

set in comparative context alongside several other democracies as well as detailed studies of the evolution of the major parties their electorates their ideologies and their performances in government over the past twenty years The authors reach two major conclusions First the new democracies salient features are moderation centripetalism and the democratization of erstwhile antisystem parties on the Right and Left Second no single Southern European model has emerged the systems differ from one another about as much as do the other established democracies of Europe Contributors P Nikiforos Diamandouros University of Athens Richard Gunther Ohio State University Thomas C Bruneau Naval Postgraduate School Monterey Arend Lijphart University of California at San Diego Leonardo Morlino University of Florence Risa A Brooks Stanford University Jos R Montero Autonomous University of Madrid Giacomo Sani University of Pavia Paolo Segatti University of Trieste Gianfranco Pasquino University of Bologna Takis S Pappas College Year Athens Hans Jrgen Puhle Goethe University Frankfurt am Main Anna Bosco University of Trieste

Transnational and Comparative Research in Sport Ian Henry,2013-01-11 The wider adoption of a post modern understanding of truth and knowledge an acceptance of the prevalence of Orientalism inherent in much Western research and the diminished significance of the local within the rhetoric of globalization have all combined to constrain comparative and transnational research under the weight of theoretical and methodological concerns Transnational and Comparative Research in Sport addresses these difficulties in the context of sport studies with the aim of developing typology which can be adopted to help re establish meaningful transnational and comparative research The book covers theoretical and substantive contexts and introduces a four fold typology of approaches to comparative research each supported by case studies and full discussion *The Social Democratic Dilemma* S. Thomson,2000-05-26 This book examines the development of social democratic parties in Western Europe and suggests that instead of viewing a single model in the past it was more accurate to consider a Northern and Southern European version Each model varied in its characteristics yet each retained an adherence to the same core values But now a new version of social democracy is emerging that is characterised by an advocacy of the tenets of neo liberalism Economic Systems of Foraging, Agricultural, and Industrial Societies Frederic L. Pryor,2005-01-10 Drawing upon the disciplines of economics anthropology statistics and history and employing a new and unified analytic approach Frederic L Pryor reformulates in this book the entire field of comparative economic systems He examines large samples of foraging hunting gathering and fishing agricultural and industrial economies to explore four key questions What are the distinct economic systems found in each group Why do certain societies or nations have one economic system rather than another What impact do economic systems have on the performance of the economy How do these economic systems develop and change The results provide a context that allows us to move beyond the chaos of case studies and ideological assertions to gain an overview of the development of economic systems over the millennia It also raises a series of new analytic and empirical issues that have not hitherto been systematically explored One Hundred Years of Socialism Donald Sassoon,2010-07-30 On 14 July 1889 the centenary of the French Revolution socialist parties from all corners of Europe met in Paris On the same day in the same city the Exposition Universelle was launched to mark the achievements of capitalist production The two events symbolized the beginning of the epic struggle between socialism and capitalism in Europe In this comprehensive study of a century of socialism the author traces the fortunes of the political parties of the Left in Western Europe From the rise of the Bolsheviks to the fall of the Berlin wall from the Second International through two world wars to the Cold War and the birth of the welfare state from the working class militancy and

student uprisings of the 1960s through the revival of feminism and the arrival of green politics to the reluctant embrace of market economics en route to the millennium Donald Sassoon charts the course of socialism across 14 countries He shows that throughout their history the fortunes of socialism and capitalism have been inextricably linked They have grown up side by side each one challenging and seeking to destroy yet nourishing and shaping the other Fascist Italy and Nazi Germany Richard Bessel,1996-03-28 A collection of essays comparing key aspects of Nazi Germany and Fascist Italy **Capitalism Reassessed** Frederic L. Pryor,2010-08-16 Capitalism Reassessed provides a broad view of different types of advanced capitalist economic systems and is based on an empirical analysis of twenty one OECD nations The book looks at why capitalism developed in Western Europe rather than elsewhere It shows the close influences of the cultural system on the economic system The analysis compares the economic and social performance of the capitalist economic systems along a variety of economic and social criteria It also analyzes how capitalism will change in the twenty first century **New and Alternative Social Movements in Spain** John Karamichas,2015-12-22 This collection originally published in 2007 offers a diachronic analytical study of new and alternative social movements in Spain from the democratic transition to the first decade of the 21st century paying attention to anti war mobilizations and the use of new technologies as a mobilizing resource New and alternative social movements are studied through the prism of identified linkages among the left movement identities and global processes in the Spanish context Weight is given to certain important historical aspects like Spain's relatively recent authoritarian past and certain value added factors such as the weak associationalism and materialism exhibited by the Spanish public These are complemented by exploring insights offered by key theoretical approaches on social movements political opportunities structures resource mobilization The volume covers established social movement cases gender peace environmental movements as well as those with a more explicit connection to the current context of global contestation squatters and anti globalization movements This book was published as a special issue of South European Society and Politics
