Old Steam Train:

Steam, Smoke, and Steel ,2000-07-01 All aboard This train travels through history making stops in time to learn about the progress of travel by rail Hop up into the cab of a speeding modern day locomotive and look down the tracks into the past Perhaps these are the same tracks that the diesel electric locomotives of thirty years ago thundered down pulling their loads Perhaps you can see the steam engines of thirty years before that Watch time unravel and the landscape change as the history of trains barrels through the pages of STEAM SMOKE AND STEEL BACK IN TIME WITH TRAINS The first trains puffed great billowing clouds of smoke and showered passengers with burning embers as they sped down the rails at a pulse pounding twenty miles an hour By the 1850 s however trains were traveling much faster much farther and much cleaner and train travel contributed to the growth of our nation Young readers will be fascinated by the exciting and sometimes dangerous story of trains while they learn about the different kinds of engines equipment and jobs necessary for operating trains throughout history The young narrator introduces readers to trains from the time of his great great great great grandfather at the turn of the nineteenth century to his father s train of today showing the great changes that invention and progress have brought over time Patrick O Brien s striking illustrations emphasize the beauty grandeur and romance of the train Detailed and richly textured oil paintings take readers on a trip through time to ride aboard open air cars travel through mountain passes and roar down the rails on high speed bullet trains Budding engineers will love getting a glimpse at the past and dreaming about the future of trains

The Wreckers Gary Knowelden,2013-01-01 Despite the stormiest weather he can remember Edward is looking forward to his holiday with his parents in Cornwall They are staying with his elderly aunt in a large old house by the sea From the photos he has seen of the place Edward is sure that the house could well be haunted or at the very least there might be secret tunnels and passages hidden behind the wooden panelled walls Either way it is sure to be fun exploring the old house But he does not have to wait until he reaches his aunt s house for odd things to happen His parents are delayed and he has to travel alone on the train A spooky incident at the station strange happenings on the train and a bizarre lamp lit boat ride along dark flooded lanes are

just the beginning of a holiday he will never forget What starts off as fun when he meets the ghosts of a young girl and her pet cat soon becomes something far more sinister and dangerous Edward and his new friends are caught up in a life and death race to save the ship his parents are travelling to Cornwall on from becoming the latest victim of an evil band of undead pirates A wild chase on jet skis along flooded lanes and a struggle to the death on top of the church tower backlit by the lightning of the worst storm in living memory all leads to the thrilling finale Edward Bruce the grumpy Scottish terrier Lucy and Sam must work together to stop The Wreckers and Bruce must escape the clutches of Su Lu a besotted Vietnamese pot bellied pig
