The Artist and the Bridge John Sweetman,2019-05-23 First published in 1999 this book explores how from the stone bridges of neoclassicism which soar out of wild woods to span pastoral valleys to the post 1750 engineer s bridge with its links to the more industrial landscape the bridge was a popular feature in painting throughout the period 1700 1920 Why did so many artists choose to portray bridges In this lavishly illustrated and intriguing book John Sweetman seeks to answer this question He traces the history of the bridge in painting and printmaking through a vast range of work some as familiar as William Etty s *The Bridge of Sighs* and Claude Monet s *The Railway Bridge at Argenteuil* and others less well known such as Wassily Kandinsky s *Composition IV* and C R W Nevinson s *Looking Through the Brooklyn Bridge* Distinctive characteristics emerge revealing the complex role of the bridge as both symbol and metaphor and as a place of vantage meeting and separation *London's Thames* Gavin Weightman,2014-01-07 Without the Thames there would be no London or England From earliest times the city s needs whether for stone gold or coal for hay to feed livestock or food wine and spices for human beings were supplied from the river as the fierce tides brought ships upstream or carried them down again Only with the age of trunk road and rail did London s global importance as a port diminish Even after that the tides continued to drive the great power stations Gavin Weightman s fascinating book *London s Thames* a compendium of often surprising information is the best possible introduction to the water and its ways the buildings that line the banks and the people who lived by the river their customs and ancient knowledge Everything is to be found here trade and tide lightermen watermen and dockers bridges funnels and ferries frost fairs and regattas clear water fish and wildlife pollution and waste fortification and defense Above all one feels the presence of the great waterway itself a force of nature in our urban midst **Old London Bridge** George Herbert Rodwell,1888 *Old London Bridge* G.
