Annual Review of the Sociology of Religion. Volume 4 (2013), 2013-11-21 Prayer is a phenomenon which seems to be characteristic not only of participants in every religion but also men and women who do not identify with traditional religions It can be practised even by those who do not believe either in a God or transcendent force In this sense therefore we may assert that the prayer is a typically human activity that has accompanied the development of different civilizations over the course of the centuries Both the material issues of concrete daily life as well as more symbolic elements expressed through words gestures body positions and community celebration are brought together in the act of praying

Thomas Clarkson: 'Moral Steam Engine' or False Prophet? A Critical Approach to Three of his Antislavery Essays Helmut Meier, 2012-02-27 Although he put an immense personal effort in the cause of abolishing the British triangle trade Thomas Clarkson tends to be overshadowed by his better known fellow abolitionist William Wilberforce Unjustly so while Wilberforce acted as the abolitionist movement's spokesperson in parliament Clarkson travelled enormous distances through all of England in search of public support for the

abolitionist movement His various essays and pamphlets made Clarkson the ideological mastermind of the British antislavery movement Until the present day Both Clarkson and Wilberforce rank among the saints of antislavery hagiography Many scholars however have set out to discuss British antislavery in a critical way This book examines in depth three of Clarkson s essays An Essay on the Slavery and Commerce of the Human Species 1786 An Essay on the Impolicy of the African Slave Trade 1788 Thoughts on the Necessity of Improving the Condition of the Slaves in the British Colonies 1823 and shows changes in style and ideas Helmut Meier tries to exemplify the links of abolitionist discourse and ideology to such phenomena as the rising of a new capitalist order in the late 18th and early 19th century the Industrial Revolution the emerging Imperialism of the period and the connected proliferation of abolitionist ideas around the world *Oxf. The Emerging Practice of the International Criminal Court Carsten Stahn, Göran Sluiter, 2009 The International Criminal Court is at a crossroads In 1998 the Court was still a fiction A decade later it has become operational and faces its first challenges as a judicial institution This volume examines this transition It analyses the first jurisprudence and policies of the Court It provides a systematic survey of the emerging law and practice in four main areas the relationship of the Court to domestic jurisdictions prosecutorial policy and practice the treatment of the Court s applicable law and the shaping of its procedure It revisits major themes such as jurisdiction complementarity cooperation prosecutorial discretion modes of liability pre trial trial and appeals procedure and the treatment of victims and witnesses as well as their criticisms It also explores some of challenges and potential avenues for future reform

Of Body Snatchers and Cyberpunks Sonja Georgi, Kathleen Loock, 2011 Developmental Local Governance Eris D. Schoburgh, John Martin, Sonia Gatchair, 2016-01-26 The primary purpose of this edited collection is to evaluate critically the relationship between local government and national economic development It focuses on how the relationship between local government and development is structured and the specific institutional arrangements at national and subnational levels that might facilitate local government s assumption of the role of development agent In light of the contradictory outcomes of development and implied experimentation with new modalities post development discourse provides a useful explanatory framework for the book Schoburgh Martin and Gatchair s central argument is that the pursuit of national developmental goals is given a sustainable foundation when development planning and strategies take into account elements that have the potential to determine the rate of social transformation Their emphasis on localism establishes a clear link between local government and local economic development in the context of developing countries *Choice*, 2007

Islamic Finance and Law Maha-Hanaan Balala, 2010-10-30 Islamic commercial and financial practice has not experienced the trial and error style of development that has characterised the development of the common law in the English speaking world Many of the principles rules and practices prevalent in the Islamic law of contract commerce finance and property remain the same as those outlined by the Quran and the Prophet Muhammad and expounded by scholars of jurisprudence as far back as the 13th

century despite the advancement in time and sophistication of commercial interaction Hanaan Balala here demonstrates how in order to bridge the gap between the principles outlined by the Quran and the Prophet in the 7th century and commercial practice in the 21st century Islamic finance jurisdictions need to open themselves to learning from the experience including the mistakes of the English common law Islamic Finance and Law Theory and Practice in a Globalized World provides an analysis of the fundamental principles underlying the Islamic law of contract and commercial practice in comparison with their equivalents in common law in the English speaking world It seeks to draw parallels and differences where appropriate to facilitate the growth and development of Islamic commercial and financial law globally **Reflective Playwork** Jacky

Kilvington, Ali Wood, 2010-02-10 Reflective Playwork provides an introduction to playwork values principles and practice for all who work with children It recognizes that play is a need for all and seeks to encourage the provision of time and space for all children to freely enjoy its benefits In a world where we are ever seeking to protect our children and to encourage their educational progress it is often overlooked that the need for play is as important as the need for food and sleep Play deprivation can result in a child having less energy for education a lower ability to use creative and imaginative ways of problem solving a poorer self image being less able to cope with the stresses and strains of life and sometimes being more likely to look for kicks in anti social ways This book encourages a greater understanding of play from the child s perspective and suggests ways in which adults can support and enhance play It covers Playwork principles and practice Play theory The child Playwork values and practice Playwork and society Playwork education training and continuing professional development Quality and management of playwork It is written for those who are instinctively or otherwise looking to promote and celebrate the need for play in all of their work with children and who see their role as supportive rather than supervisory Further it is for those who recognize that the rewards of working with children come as a privilege Reflective Playwork is for the playworker and for all others who work with children such as childcare practitioners teaching assistants health workers social workers teachers and those in management who are looking to understand and adopt at appropriate times the values and principles in their own settings **The British National Bibliography** Arthur James Wells, 2009
