Reading Virgil Virgil, Peter V. Jones, 2011-03-24 This book provides all the help that an intermediate Latin learner will need to read the first two books of the Aeneid **Communication, Love, and Death in Homer and Virgil** Stephen Ridd, 2017-08-24 Homer's Iliad and Odyssey and Virgil's Aeneid are three of the most important and influential works of Western classical literature Although they differ in subject matter and authorship these epic poems share a common purpose to tell the deeds both of men and of the gods Written in an accessible style and ideally suited for classroom use Communication Love and Death in Homer and Virgil offers a unique comparative analysis of these classic works As author Stephen Ridd explains the common themes of communication love and death respond to deeply ingrained human needs and are therefore of perennial interest Presenting select passages from the original Greek and Latin texts translated here into modern English Ridd explores in detail how the characters within the poems communicate on these subjects with one another as well as with the reader Individual chapters focus on subjects such as the traditions of singing and storytelling relationships between sons and mothers the role of Helen of Troy and her ties to the men in her life and communication with the dead Throughout his analysis Ridd treats the three poems on an equal basis revealing similarities and differences in their handling of prevalent themes By introducing readers to a new way of reading these abiding classics Communication Love and Death in Homer and Virgil enhances our appreciation of the imaginative world of ancient Greek and Roman epic poetry

Roman Readings: Latin Poetry from Lucretius to Ovid Stephen Harrison, 2025-07-21 This volume collects seventeen pieces on the classical Latin poetry of the late Republican and Augustan period written and published since 2000 They share a common interest in the close reading of poems with a particular focus on the issues of genre intertextuality poetic unity political allusion imagery and literary history Topics treated include the proem to Lucretius I and its relation to Ennian models issues of unity and interpretation in five poems of Catullus On Vergil there are two studies of the similes of the Aeneid one of Aeneas narrative in Aeneid 2 one of Aeneid 6 as a journey into the epic past one of Sibylline elements in the Aeneid and one of the language used by the Aeneid's gods plus a new contribution to the old issue of the identity of the child

in Eclogue 4 On Propertius there are accounts of 4.9 and its contemporary political significance and of how some other elegies in Book 4 function as expanded epigrams The chapter on Ovid looks at the chronology and shape of his literary career Taken together these pieces seek to present these central texts of Roman poetry for modern literary study by scholars and advanced students

Vergil's Georgics Katharina Volk, 2008-08-21 This volume together with its companion on the Eclogues and the previously published volume on the Aeneid completes the coverage of Vergil's poetry in Oxford Readings in Classical Studies It collects ten classic papers on the Georgics written between 1970 and 1999 by leading scholars from several different countries The contributions are representative of recent developments in Vergilian scholarship with some discussing general issues raised by the work and others treating important individual poems and passages The editor's Introduction places the essays in their context A conspectus of contemporary Georgics criticism the book will be helpful to students who are encountering the poems for the first time all Latin has been translated and will also serve as a reference work for more seasoned scholars

Reading Epic Peter Toohey, 2003-09-02 Readers new to ancient epic are hampered in two ways they do not know the ancient languages and they are unfamiliar with the ancient world This survey addresses the needs of these readers by offering guidance through the major classical writers of epic it begins with Homer and concludes with an overview of the development of late ancient epic and of the interface between the epic and the novel

The Epic Gaze Helen Lovatt, 2013-06-27 Re-envisions epic from Homer to Nonnus through theories of the gaze

Virgil and the Augustan Reception Richard F. Thomas, 2001-03-15 This book is an examination of the ideological reception of Virgil at specific moments in the last two millennia The author focuses on the emperor Augustus in the poetry of Virgil detects in the poets and grammarians of antiquity alternately a collaborative oppositional reading and an attempt to suppress such reading studies creative translation particularly Dryden's which reasserts the Augustan Virgil and examines naive translation which can be truer to the spirit of Virgil Scrutiny of textual cleansing philology's rewriting or excision of troubling readings leads to readings by both supporters and opponents of fascism and National Socialism to support or subvert the latter day Augustus The book ends with a diachronic examination of the ways successive ages have tried to make the Aeneid conform to their upbeat expectations of this poet

Luke/Acts and the End of History Kylie Crabbe, 2019-11-18 Luke Acts and the End of History investigates how understandings of history in diverse texts of the Graeco-Roman period illuminate Lukan eschatology In addition to Luke Acts it considers ten comparison texts as detailed case studies throughout the monograph Polybius's Histories Diodorus Siculus's Library of History Virgil's Aeneid Valerius Maximus's Memorable Doings and Sayings Tacitus's Histories 2 Maccabees the Qumran War Scroll Josephus's Jewish War 4 Ezra and 2 Baruch The study makes a contribution both in its method and in the questions it asks By placing Luke Acts alongside a broad range of texts from Luke's wider cultural setting it overcomes two methodological shortfalls frequently evident in recent research limiting comparisons of key themes to texts of similar genre and separating non-Jewish from Jewish parallels Further by posing fresh questions designed

to reveal writers underlying conceptions of history such as beliefs about the shape and end of history or divine and human agency in history this monograph challenges the enduring tendency to underestimate the centrality of eschatology for Luke's account Influential post war scholarship reflected powerful concerns about salvation history arising from its particular historical setting and criticised Luke for focusing on history instead of eschatology due to the parousia's delay Though some elements of this thesis have been challenged Luke continues to be associated with concerns about the delayed parousia affecting contemporary interpretation By contrast this study suggests that viewing Luke Acts within a broader range of texts from Luke's literary context highlights his underlying teleological conception of history It demonstrates not only that Luke retains a sense of eschatological urgency seen in other New Testament texts but a structuring of history more akin to the literature of late Second Temple Judaism than the non Jewish Graeco Roman historiographies with which Luke Acts is more commonly compared The results clarify not only Lukan eschatology but related concerns or effects of his eschatology such as Luke's politics and approach to suffering This monograph thereby offers an important corrective to readings of Luke Acts based on established exegetical habits and will help to inform interpretation for scholars and students of Luke Acts as well as classicists and theologians interested in these key questions

Poetic Allusion and Poetic Embrace in Ovid and Virgil Alden Smith, 1997 A consideration of the allusive poetry of Ovid based on the philosophy of Martin Buber

Engendering Rome A. M. Keith, Alison Keith, 2000-02-24 Heroism has long been recognised by readers and critics of Roman epic as a central theme of the genre from Virgil and Ovid to Lucan and Statius However the crucial role female characters play in the constitution and negotiation of the heroism on display in epic has received scant attention in the critical literature This study represents an attempt to restore female characters to visibility in Roman epic and to examine the discursive operations that effect their marginalisation within both the genre and the critical tradition it has given rise to The five chapters can be read either as self contained essays or as a cumulative exploration of the gender dynamics of the Roman epic tradition The issues addressed are of interest not just to classicists but also to students of gender studies

Generic Enrichment in Vergil and Horace S. J. Harrison, 2011-03-31 S J Harrison sets out to sketch one answer to a key question in Latin literary history why did the period c 39-19 BC in Rome produce such a rich range of complex poetical texts above all in the work of the famous poets Vergil and Horace Harrison argues that one central aspect of this literary flourishing was the way in which different poetic genres or kinds pastoral epic tragedy etc interacted with each other and that that interaction itself was a prominent literary subject He explores this issue closely through detailed

analysis of passages of the two poets works between these dates Harrison opens with an outline of generic theory ancient and modern as a basis for his argument suggesting how different poetic genres and their partial presence in each other can be detected in the Latin poetry of the first century BC

Epic Visions Helen Lovatt, Caroline Vout, 2013-08-15 This wide ranging interdisciplinary collection explores different ways of visualising Greek and Roman epic from Homer to Statius in both ancient and modern culture The book presents new perspectives on Homer Virgil Ovid Lucan Valerius Flaccus and Statius and covers the re working of epic matter in tragedy opera film late antique speeches of praise story boarding sculpture and wall painting The chapters use a variety of methods to address the relationship between narrative and visuality exploring how and why epic has inspired artists authors and directors and offering fresh visual interpretations of epic texts Themes and issues discussed include intermediality ekphrasis and panegyric illusion and deception imagery and deferral alienation and involvement the multiplicity of possible visual responses to texts three dimensionality miniaturisation epic as cultural capital and the specificity of genres both literary and visual

Virgilian Identities in the French Renaissance Phillip John Usher, Isabelle Fernbach, 2012 Virgil s works principally the Bucolics the Georgics and above all the Aeneid were frequently read translated and rewritten by authors of the French Renaissance The contributors to this volume show how readers and writers entered into a dialogue with the texts using them to grapple with such difficult questions as authorial political and communitarian identities It is demonstrated how Virgil s works are more than Ancient models to be imitated They reveal themselves instead to be part of a vibrant moment of exchange central to the definition of literature at the time

Education, Religion, and Literary Culture in the 4th Century CE Gabriela Ryser, 2020-01-20 This book contextualizes Claudian s handling of the Proserpina myth and the underworld in the history of literature and religion while showing intersections with and differences between the literary and religious uses of the underworld topos In doing so the study provides an incentive to rethink the dichotomy of the terms religious and non religious in favour of a more nuanced model of references and refunctionalisations of elements which are or could be religiously connotated A close philological analysis of *De raptu Proserpinae* identifies the sphere of myth and poetry as an area of expressive freedom a parallel universe to theological discourses whether they be pagan philosophical or Christian while the profound understanding and skilful use of this particular sphere a formative aspect of European religious and intellectual history is postulated as a characteristic of the educated Roman and of Claudian s poetry

Roman Epic M. von Albrecht, 2018-07-17 The author s

approach to Roman epic is interpretative the reader is invited to study a choice of typical texts from the beginnings to the end of Antiquity Famous poets are given the attention they deserve but also some minor authors are discovered as precious missing links between the ages Special heed is paid to intertextual relationships between different epochs cultures literary genres linguistic and literary patterns The book is meant for students and teachers of classical and modern literatures but also for all those interested in the history of literary genres and cultural ideas *Jesus Caesar* Laura J. Hunt, 2019-11-20
