Ozias Leduc Musée des beaux-arts de Montréal, 1996 **Ozias Leduc** ,1996 Architects, Angels, Activists and the City of Bath, 1765-1965 Cynthia Imogen Hammond, 2012 Approaching the past as both historian and artist Cynthia Imogen Hammond documents how women across classes shaped the built environment of one of England's most architecturally significant cities Architects Angels Activists and the City of Bath 1765 1965 Engaging with Women's Spatial Interventions in Buildings and Landscape documents Hammond's own creative spatial interventions in the city through which she brings the history of women to the foreground of Bath's urban image **"Architects, Angels, Activists and the City of Bath, 1765?1965 "** Cynthia Imogen Hammond, 2017-07-05 A unique contribution to the architectural and social history of Bath Architects Angels Activists and the City of Bath 1765 1965 Engaging with Women's Spatial Interventions in Buildings and Landscape approaches the past with the methods of the architectural historian and the site specific interventions of the contemporary artist Looking beyond and behind Bath's strategic marshalling of its past Cynthia Imogen Hammond presents the ways in which women across classes shaped the built environment and designed landscapes of one of England's most architecturally significant cities This study argues that Bath's efforts to preserve itself as an idealized Georgian town reveal an aesthetics of exclusion Jane Austen may be well known but the role of historic women in the creation of this city has had minimal treatment within the city's collective public memory This book is an intervention into this memory the author uses site specific works of public art as strategic counterparts to her historical readings Through them she aims to transform as well as critique the urban image of Bath At once a performative literature an extensively researched history and an alternative guide to the city Architects Angels Activists engages with current struggles over urban signification in Bath and beyond Slippery Pastimes Joan Nicks, Jeannette Sloniowski, 2009-10-21 Sixteen essays written by specialists from many fields grapple with the problem of a popular culture that is not very popular but is seen by most as vital to the body politic whether endangered by globalization or capable of politically progressive messages for its audiences Slippery Pastimes covers a variety of topics Canadian popular music from rock n roll to country hip hop to pop Celtic television advertising tourism sport and even postage stamps As co editors Nicks and Sloniowski have taken an open view of the Canadian Popular and contributors have approached their topics from a variety of perspectives including cultural studies women's studies film studies sociology and communication studies The essays are accessibly written for undergraduate students and interested general readers *National Soul* Marylin J. McKay, 2002-05-13 Examining their social political and economic contexts McKay shows how the murals of this period glorified Canada as a modern nation state extolled the virtues of commerce and industry inculcated conventions of gender and race and shared the intensity of nationalistic sentiment that led to the work of the more renowned painters of Toronto's Group of Seven Bringing together for the first time a body of Canadian work civic

commercial religious and private that has been largely ignored by art historians A National Soul challenges previous histories of Canadian painting This generously illustrated book reproduces seldom seen works from across the country many of which have been moved or destroyed and includes a comprehensive listing of all works from the period their original and present locations and their state of preservation Picturing the Land Marylin J. McKay, 2011-04-12 Emphasizing the ways in which social economic and political conditions determine representation Marylin McKay moves beyond canonical images and traditional nationalistic interpretations by analyzing Canadian landscape art in relation to different concepts of territory Taking an expansive and inclusive perspective on Canadian landscape art McKay depicts this tradition in all its diversity and draws it into the larger body of Western landscape art broadening the horizon of future study appreciation and criticism Richly illustrated and filled with sophisticated and innovative commentary Picturing the Land provides new and distinct histories of the landscape art of French and English Canada Literature and Painting In Quebec William J. Berg, 2013-02-04 This unique study explores how Quebec's landscapes have been represented in both literature and visual art throughout the centuries from the writing of early explorers such as Cartier and Champlain to work by prominent contemporary authors and artists from the province William J Berg traces recurrent images and themes within these creations through the most significant periods in the development of a Quebecois identity that was threatened initially by the wilderness and indigenous populations and later by the dominance of British and American influences Focusing on the interplay between nature and culture in landscape representation Literature and Painting in Quebec contends that both have reflected and fashioned the meaning of French Canadian nationhood As such Literature and Painting in Quebec presents a new perspective to approach the notion of national identity a quest that few groups have engaged in more persistently than the Quebecois **Visibly Canadian** Karen Stanworth, 2014-11-01 Spectacular scientific and educational cultural practices were used to establish and define public identities in the British colonies of nineteenth century Canada In Visibly Canadian Karen Stanworth argues that visual representations were the era's primary mode of expressing identity and shows how the citizenry of Quebec and Ontario was or was not represented in the visual culture of the time Through nine case studies each representing key moments of identity formation and contestation Stanworth investigates how a broad range of cultural phenomena from fine arts to institutional histories to public spectacles were used to order resist and articulate identities within specific social and economic contexts The negotiation and planning underpinning civic culture are evident in rare moments of compromise such as the surprising proposal from the Saint Jean Baptiste Society to merge their annual parade with the celebration of Queen Victoria's Diamond Jubilee in 1897 Equally astounding is the scale of nineteenth century public spectacles reenactments of Victorian scenes of war often attracted crowds of upwards of 10 000 people Illustrated with over fifty images many unseen for over a century Visibly Canadian establishes the extraordinary significance of artwork and public spectacles in cutting across language religion and class to tell stories of nationhood belonging and difference

Negotiations in a Vacant Lot Lynda Jessup, Erin Morton, Kirsty Robertson, 2014-10-01 At a moment when the discipline of Canadian art history seems to be in flux and the study of Canadian visual culture is gaining traction outside of art history departments the authors of *Negotiations in a Vacant Lot* were asked is Canada or any other nation still relevant as a category of inquiry Is our country simply one of many vacant lots where class gender race ethnicity and sexual orientation interact What happens to the project of Canadian visual history if we imagine that Canada as essence place nation or ideal does not exist The argument that culture is increasingly used as an economic and socio political resource resonates strongly with the popular strategies of urban gurus such as Richard Florida and increasingly with government policy Such strategies both contrast with but also speak to traditions of Canadian state support for culture that have shaped the national ist discipline of Canadian art history The authors of this collection stand at the multiple points where national culture and globalization collide however suggesting that academic investigation of the visual in Canada is contested in ways that cannot be contained by arbitrary borders Bringing together the work of scholars from diverse backgrounds and illustrated with dozens of works of Canadian art *Negotiations in a Vacant Lot* unsettles the way we have used nation to examine art and culture and looks ahead to a global future Contributors include Susan Cahill Nipissing University Mark A Cheetham University of Toronto Peter Conlin Academia Sinica Taipei Annie G rin Universit du Qu bec Montr al Richard William Hill York University Kristy A Holmes Lakehead University Heather Igloliorte Concordia University Barbara Jenkins Wilfrid Laurier University Alice Ming Wai Jim Concordia University Lynda Jessup Queen s University Erin Morton University of New Brunswick Kirsty Robertson Western University Rob Shields University of Alberta Sarah E K Smith Queen s University Imre Szeman University of Alberta and Jennifer VanderBurgh Saint Mary s University

History of the Book in Canada History of the Book in Canada Project, 2004 The History of the Book in Canada is one of this country s great scholarly achievements with three volumes spanning topics from Aboriginal communication systems established prior to European contact to the arrival of multinational publishing companies Each volume observes developments in the realms of writing publishing dissemination and reading illustrating the process of a fledgling nation coming into its own The third and final volume follows book history and print culture from the end of the First World War to 1980 discussing the influences on them of the twentieth century including the country s growing demographic complexity and the rise of multiculturalism Crucial to creating a sense of identity during this period was the Royal Commission on National Development in the Arts Letters and Sciences whose report of 1951 led to the establishment of influential cultural institutions such as the Canada Council for the Arts and the National Library of Canada Other key developments included the initiation and growth of library systems the expansion of film radio and television the burgeoning of children s literature enhanced opportunities for writers the Quiet Revolution in Quebec and the rise of Canadian studies and Canadian literature as respected fields for teaching and research In English Canada mainstream book publishing flourished during the 1920s suffered severely during the Depression went through a

period of renewal and advance after the Second World War but became imperilled by the 1970s Small literary presses and allophone publishers in turn grew increasingly significant during the 1960s a decade in which Quebec's new cultural policies began to foster ongoing support for francophone book culture In addition to telling the stories of Canada's recent book history this volume pays due attention to multifarious developments in print culture including book prizes sports writing pulp magazines the alternative press Coles Notes the international success of Harlequin and the unprecedented influence of Les insolences du Fr re Untel the famous cry for education reform in 1960s Quebec Volume three of the History of the Book in Canada marks the successful completion of an extraordinary project that documents the country's achievements for generations of scholars and readers to come Artyear P. Blanchard, Hopeful Monster Editions, 1995-09 **The Surface of Meaning** Robert Bringhurst, 2008 The design and manufacture of books can tell as much about a people or a culture as the ambience of its streets and the architecture of its buildings In our everyday lives books surround us even if we are among the many who never read another one after high school Their very jacket design asks us to make meaning of their presence and when we open them the layout of words and stories within their covers makes us readers even before we begin to read To Robert Bringhurst typographer poet and writer the presence of books and the story of books in Canada are preludes to understanding our culture From the tattered book of Canadian poetry your moody cousin carried everywhere to the pristine hardcover book of Atwood's latest work in your brainy co worker's hands book design says much about who and where we are as Canadians In The Surface of Meaning Robert Bringhurst takes us on another of his walking tours this time through the bramble of English and French Canadian books and book design from the mid 18th Century to the present day Along the way he discovers a true image trove of identity culture and history And he does what no other work on books and publications does He creates a truly national survey of Canadian books by bringing Canada's long history of Aboriginal story telling into a context of book It is a context that goes into the depths of our prehistory far beyond the printed page The Surface of Meaning is a tribute to Canadian books and publishing It is irresistible to readers who love books as well as to designers and others who may simply prefer to look at them *Canadian Books in Print*, 2003 Bibliographie D'histoire de L'art, 1991 **Canadian Books in Print. Author and Title Index**, 1975 *1900* Robert Rosenblum, Maryanne Stevens, Ann Dumas, 2000 Looks back on the Paris World's Fair of 1900 and surveys its artwork and the artists who produced it Canadian Periodical Index, 1997
