Pet Sematary Shellie McMurdo, 2023-02-16 Most scholarship on Mary Lambert's *Pet Sematary* 1989 overwhelmingly focuses on the Stephen King novel 1983 and tends strongly towards housing the story within the Gothic literary tradition. The film itself is often absent from considerations of North American horror cinema of the 1980s and from wider horror scholarship in general. This *Devil's Advocate* stands as a corrective and provides a holistic analysis textual, contextual, and industrial of the film in order to properly situate it as an important entry into the history of horror cinema. This book joins a growing body of works both journalistic and academic that aim to revisit older films in order to call attention to and/or redress the gendered imbalance in our written horror histories. McMurdo charges *Pet Sematary* with several contributions to the horror genre as an important entry within the tradition of grief horror as a horror film that both adheres to and defies the generic conventions of its historical context, one both engaged with and respondent to its time of creation as a film that changed the fortunes of the cinematic Stephen King brand on the cusp of a new decade. *Pet Sematary* is the highest grossing horror film directed by a woman in cinematic history and it stands as a story that we keep returning to, as seen by the 1992 sequel, the 2019 remake, and a forthcoming prequel. *Pet Sematary's* modern relevance and importance to genre history then is manifold, and this book argues it is past time for its reconsideration as a classic of horror cinema. **TLA Film and Video**
