Richards,Kenneth L. Richards,2010-07-13 Insiders Guide to North Carolina s Mountains is the essential source for in depth travel and relocation information to the region that includes Asheville Biltmore Estate Cherokee Blue Ridge Parkway and other nearby environs Written by a local and true insider this guide offers a personal and practical perspective of the area and its surrounding environs **Beyond the Mountains** Drew A. Swanson,2018-11-15 Beyond the Mountains explores the ways in which Appalachia often served as a laboratory for the exploration and practice of American conceptions of nature

The region operated alternately as frontier wilderness rural hinterland region of subsistence agriculture bastion of yeoman farmers and place to experiment with modernization In these various takes on the southern mountains scattered across time and space both mountain residents and outsiders consistently believed that the region's environment made Appalachia distinctive for better or worse With chapters dedicated to microhistories focused on particular commodities Drew A Swanson builds upon recent Appalachian studies scholarship emphasizing the diversity of a region so long considered a homogenous backwater While Appalachia has a recognizable and real coherence rooted in folkways agriculture and politics among other things it is also a region of varied environments people and histories These discrete stories are however linked through the power of conceptualizing nature and work together to reveal the ways in which ideas and uses of nature often created a sense of identity in Appalachia Delving into the environmental history of the region reveals that Appalachian environments rather than separating the mountains from the broader world often served to connect the region to outside places
