Safari Rifles:

Safari Rifles II Craig Boddington, 2007-01-01 Gone are the days of simple solid and softpoint bullets for a mere dozen and a half African calibers. The sheer number of products on the market today staggers the mind and bewilders even experienced hunters. Boddington presents his information in clearly explained bite size pieces that we can digest and in the process he gives us a solid understanding of what works and what doesn't. Many writers proclaim their knowledge of African hunting but few have the true in depth experience that comes from thousands of days afield. *Safari Rifles II* offers solid information based on vast experience and insight gathered over the last thirty years of hunting on the Dark Continent.

Safari Rifles C. T. Boddington, 1990-11-01 A modern day classic that covers the entire subject of what guns to take on today's safari. Covers types of actions, caliber's, premium bullets and sighting equipment. Safari Rifles Craig

Boddington, 1997-11-01 **Sporting Guns** Chris McNab, 2007-11-13 *Sporting Guns* is an illustrated guide to the world's best modern sporting rifles and shotguns from all time favorites such as the Weatherby Mark V to the latest Beretta competition shotguns. Within each chapter the guns are arranged alphabetically for ease of reference. Each entry takes an individual gun and explores its key features including its operating system, construction, hunting target use, sighting options, price range and important variants. The book also offers essential advice on using sporting guns safely whether on a shooting range or out in the wild. If you are interested in clay shooting, target practice or outdoor hunting, *Sporting Guns* will help you find the right gun and keep informed of the best on the gun market.
