Neighborhood of Fear Kyle Riisman,2020-11-24 How haunted by the idea that their suburban homes were under siege the second generation of suburban residents expanded spatial control and cultural authority through a strategy of productive victimization The explosive growth of American suburbs following World War II promised not only a new place to live but a new way of life one away from the crime and crowds of the city Yet by the 1970s the expected security of suburban life gave way to a sense of endangerment Perceived and sometimes material threats from burglars kidnappers mallrats toxic waste and even the occult challenged assumptions about safe streets pristine parks and the sanctity of the home itself In Neighborhood of Fear Kyle Riisman examines how suburbanites responded to this crisis by attempting to take control of the landscape and reaffirm their cultural authority An increasing sense of criminal and environmental threats Riisman explains coincided with the rise of cable television VCRs Dungeons Dragons and video games rendering the suburban household susceptible to moral corruption and physical danger Terrified in almost equal

measure by heavy metal music the Love Canal disaster and the supposed kidnapping epidemic implied by the abduction of Adam Walsh residents installed alarm systems patrolled neighborhoods built gated communities cried Not in my backyard and set strict boundaries on behavior within their homes Riisman del explains how this movement toward self protection reaffirmed the primacy of suburban family values and expanded their parochial power while further marginalizing cities and communities of color a process that facilitated and was facilitated by the politics of the Reagan revolution and New Right A novel look at how Americans imagined traversed and regulated suburban space in the last quarter of the twentieth century Neighborhood of Fear shows how the preferences of the suburban middle class became central to the cultural values of the nation and fueled the continued growth of suburban political power **The Healthy Home Handbook** John Warde,1997

Presents information on detecting and eliminating household pollutants poisons and safety hazards **Sourcebook on Parenting and Child Care** Kathryn Hammell Carpenter,1995 This thorough and well written source book will be useful to professionals parents students and acquisitions librarians Nothing else available has its breadth of scope Recommended for academic and public libraries Library Journal An excellent reference book for all parents and organizations working to make the world a better place for children Reviews from Parent Council The Sourcebook on Parenting and Child Care features the best of the best in reference material and other information sources serving as both an outstanding collection tool for librarians and a one stop source for information for interested parents and professionals Covering materials from noted childhood experts like Dr Benjamin Spock and Penelope Leach the sourcebook reviews sources on a variety of parenting topics ranging from motherhood and fatherhood to religious training and substance abuse The author has divided the book into seven parts each focusing on a specific subject area Entries include the classics as well as recent literature with the author s choices of best highlighted for easy reference The chapters conclude with a directory of related organizations or resource centers The reference section provides both print and nonprint reference tools including electronic indexing and abstracting services Interact resources and commercial online networks **Resources in Education** ,2001-04

Pedretti's Occupational Therapy - E-Book Heidi McHugh Pendleton,Winifred Schultz-Krohn,2017-03-10 NEW Coverage of the Occupational Therapy Practice Framework OTPF 3 increases your understanding of the OTPF 3 and its relationship to the practice of occupational therapy with adults who have physical disabilities NEW All new section on the therapeutic use of self which the OTPF lists as the single most important line of intervention occupational therapists can provide NEW Chapter on hospice and palliative care presents the evidence base for hospice and palliative care occupational therapy describes the role of the occupational therapist with this population within the parameters of the third edition of the Occupational Therapy Practice Framework OTPF 3 and recommends clinician self care strategies to support ongoing quality care UPDATED Completely revised Spinal Cord Injury chapter addresses restoration of available musculature self care independent living skills short and long term equipment needs environmental accessibility and educational work and leisure

activities It looks at how the occupational therapist offers emotional support and intervention during every phase of the rehabilitation program UPDATED Completely revised chapter on low back pain discusses topics that are critical for the occupational therapist including anatomy client evaluation interventions areas client centered occupational therapy analysis and intervention strategies for frequently impacted occupations UPDATED Revised Special Needs of the Older Adult chapter now utilizes a top down approach starting with wellness and productive aging then moving to occupation and participation in meaningful activity and finally highlighting body functions and structures which have the potential to physiologically decline as a person ages NEW and EXPANDED Additional section in the Orthotics chapter looks at the increasing array of orthotic devices available in today s marketplace such as robot assisted therapy to support the weak upper extremity UPDATED Revised chapters on joint range of motion and evaluation of muscle strength include new full color photos to better illustrate how to perform these key procedures EXPANDED New information in the Burns and Burn Rehabilitation chapter including expanded discussions on keloid scars silver infused dressings biosynthetic products the reconstructive phase of rehabilitation and patient education UPDATED and EXPANDED Significantly updated chapter on amputations and prosthetics includes the addition of a new threaded case study on Daniel a 19 year old combat engineer in the United States Army who suffered the traumatic amputation of his non dominant left upper extremity below the elbow Pediatric Primary Care - E-Book
