Safer Medicine Mayer Eisenstein, 2000-08 **Five Standards for Safe Childbearing** David Stewart, 1997 **Our Children's Health** Bonnie C. Minsky, Lisa E. Holk, 2002 Leading nutritionist Bonnie Minsky takes up the cause of the rapidly declining health of our nation's children. She provides much needed practical information to give back children their inherent state of good health, normal weight and boundless good energy. **Safe Alternatives in Childbirth** David Stewart, Lee Stewart, 1992-11 *Maternal and Child Health Care Act, 1976* United States. Congress. House. Committee on Interstate and Foreign Commerce. Subcommittee on Health and the Environment, 1976 Weight-Loss Apocalypse Robin Phipps Woodall, 2011-11 Proposes the use of chorionic gonadotropins as a way to end irrational eating for emotional fulfillment and not real hunger. **A Good Birth, A Safe Birth** Diana Korte, 1992-09-16 Based on a survey of two thousand women and responses from readers of the first and second editions, this complete and accurate guide enables women and their partners to take control of the childbirth experience. Diana Korte and Roberta M. Scaer, both long-time La Leche leaders, analyze today's childbirth options and help readers to choose among them to find Dr. Right or a midwife and perhaps a labor assistant too, and to pick a hospital birthing center or home birth. They describe the pros and cons of medications, fetal monitoring, induction of labor and other medical interventions during birth, and they tell readers how to avoid an unnecessary cesarean section and ensure that all their wishes are followed. In chapters such as "If You Don't Know Your Options, You Don't Have Any," "The Obstetrician's Black Bag of Interventions," and "How to Have a Normal Vaginal Birth and Avoid an Unnecessary Cesarean," Korte and Scaer are refreshingly frank but never dogmatic; they want their readers to decide for themselves what's best for them. **Hearings, Reports and Prints of the House Committee on Interstate and Foreign Commerce** United States.
