Whitelaw from the Encyclopædia Americana].** Popular encyclopedia, 1883      **Language Hacking German** Benny Lewis, 2017-11-14 It's true that some people spend years studying German before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of German, LanguageHacking shows you how to learn and speak German through proven memory techniques, unconventional shortcuts, and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks, shortcuts, and tricks that Benny mastered while learning his 11 languages, and his speak from the start method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only other people can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in German from day one. The Method LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking mission that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking missions with other learners, getting and giving feedback, and extending your learning beyond the pages of the book. You don't need to go abroad to learn a language any more.

**Encyclopædia Americana** Francis Lieber, Edward Wigglesworth, Thomas Gamaliel Bradford, 1845      Colorado School Journal, 1895      **Rebecca is Always Right** Anna Carey, 2014-09-22 Life is complicated enough already, but when you try to solve your big sister's relationship problems, it can only mean trouble. Rebecca isn't looking forward to school after a summer full of music and excitement. To make it worse, her most annoying classmate, Vanessa, gets the starring role in a new ad campaign; now she's going to be on television, on posters, on the radio, and even in the charts. Luckily, a new arts and music studio space for teens has opened up where Hey Dollface and their summer camp friends can practise. Then Rebecca's sister Rachel is dumped by her longtime boyfriend Tom, and Rebecca is determined to cheer her up. Throw in a dad who is trying to take over his amateur musical, a mum who keeps reminding her that it's a big exam year, and an English teacher who has decided to become a novelist, and it's another eventful term for Rebecca. It reminded me of being a teenager; the nice parts. It's a perfect piece of hilarious loveliness. Gold Star.
