The Neighborhood of Gods William Elison, 2018-12-10 There are many holy cities in India but Mumbai is not usually considered one of them More popular images of the city capture the world s collective imagination as a Bollywood fantasia or a slumland dystopia Yet for many if not most people who live in the city the neighborhood streets are indeed shared with local gods and guardian spirits In The Neighborhood of Gods William Elison examines the link between territory and divinity in India s most self consciously modern city In this densely settled environment space is scarce and anxiety about

housing is pervasive Consecrating space first with impromptu displays and then eventually with full blown temples and official recognition is one way of staking a claim But how can a marginalized community make its gods visible and therefore powerful in the eyes of others The Neighborhood of Gods explores this question bringing an ethnographic lens to a range of visual and spatial practices from the shrine construction that encroaches on downtown streets to the tribal art practices of an indigenous group facing displacement to the work of image production at two Bollywood film studios A pioneering ethnography this book offers a creative intervention in debates on postcolonial citizenship urban geography and visibility in the religions of India

The Hagiographer and the Avatar Antonio Rigopoulos,2021-04-01 In this biographical study Antonio Rigopoulos explores the fundamental role of a hagiographer within a charismatic religious movement in this case the postsectarian cosmopolitan community of the Indian guru Sathya Sai Baba The guru s hagiographer Narayan Kasturi was already a distinguished litterateur by the time he first met Sathya Sai Baba in 1948 The two lived together at the guru s hermitage more or less continuously from 1954 up until Kasturi s death in 1987 Despite Kasturi s influential hagiography Sathyam Sivam Sundaram little scholarly attention has been paid to the hagiographer himself and his importance to the movement In detailing Kasturi s relationship to Sathya Sai Baba Rigopoulos emphasizes that the hagiographer s work was not subordinate to the guru s definition of himself Rather his discourses with the holy man had a reciprocal and reinforcing influence resulting in the construction of a unified canon Furthermore Kasturi s ability to perform a variety of functions as a hagiographer successfully mediated the relationship between the guru and his followers Drawing on years of research on the movement as well as interviews with Kasturi himself this book deepens our understanding of this important pan Indian figure and his charismatic religious movement
