Saigon Year Of The Cat A Film For Televi:

The Ironic Filmmaking of Stephen Frears Lesley Brill, 2018-02-22 Stephen Frears has a career approaching over half a century directing films of astonishing variety beauty and daring and yet many often have trouble remembering his name The Ironic Filmmaking of Stephen Frears celebrates this great filmmaker beginning with a short biography of Frears general observations on unifying themes and styles in his oeuvre and the characterization of his manner of directing By focusing on 10 key films Lesley Brill finds coherence in Frears characteristic irony and in his concentration on many kinds of love In movies such as My Beautiful Laundrette Dangerous Liaisons High Fidelity The Queen Philomena and many others Frears portrays widely varied situations and characters with a combination of insight skepticism and sympathy He has the passionate unjudgmental focus of an artist who stands simultaneously at a distance from his subjects and within their worlds Through Frears work is widely admired Brill argues that he has attracted little scholarly writing because of a combination of the diffidence of his self presentation and the difficulty of explicating the complex ideas and characters of his films The Ironic Filmmaking of Stephen Frears is meant to inspire others to further examine his films individually and his career as a whole

Fifty Playwrights on their Craft Caroline Jester,Caridad Svich,2017-11-30 In a series of interviews with fifty playwrights from the US and UK this book offers a fascinating study of the voices thoughts and opinions of today s most important dramatists Filled with probing questions Fifty Playwrights on their Craft explores ideas such as how does playwriting help a global dialogue where do dramatists find the ideas that become the stories and narratives within their plays how can the stage inform the writer s creative process how does crossing boundaries between art forms push the living art form of theatre making forward and will there be playwrights in another 50 years Through these interrogating interviews we come to understand how and why playwrights write what they do and gain insight into their processes and motivations Together the interviews provide an inter generational dialogue between dramatists whose work spans over six decades Featuring interviews with playwrights such as Edward Bond Katori Hall Chris Goode David Greig Willy Russell David Henry Hwang Alecky Blythe Anne Washburn and Simon Stephens Jester and Svich offer an unprecedented view into the multiple perspectives and approaches of key playwrights on both sides of the Atlantic

Screening the Stage Bert Cardullo,2006 This book examines the historical cultural and aesthetic relationships between theater and film As we enter the 21st century almost all artists students and critics working in theater will have had earlier and greater exposure to film than to theater In fact film has become central to the way in which we perceive and formulate stories images ideas and sounds At the same time film and video occupy an increasingly significant place in theater study both for the adaptation of plays and for the documentation and preservation of theatrical performances Yet far too often theater and film artists as well as educators make the jump from one medium to the other without being fully aware of the ways in which the qualities of each medium affect content and artistic expression This book is intended to fill such a gap by providing a theoretical and practical foundation for understanding the effect that film and drama have had and continue to have on each other s development Moreover this study provides a history of the relationship between drama and cinema starting with the pre cinematic late 19th century impulse towards capturing spectacular action on the stage and examining the artistic and commercial interaction between movies and plays both in popular and experimental work throughout the 20th century Important subjects treated in this book include stage versus screen acting the adaptation process itself the theatrical as well as the cinematic avant garde and the portability or adaptability of dramatic character
