Sailing for the Sun Toy Len Chang, 1988 Sailing for the Sun celebrates the bicentennial in 1989 of the arrival of the Chinese in Hawaii and is sponsored by the Hawaii National Bank **Chinatown, Honolulu** Nancy E. Riley, 2024-06-11 The Chinese experience in Hawai i has long been told as a story of inclusion and success During the Cold War the United States touted the Chinese community in Hawai i as an example of racial harmony and American opportunity claiming that all ethnic groups had the possibility to attain middle class lives Today Honolulu s Chinatown is not only a destination for tourism and consumption but also a celebration of Chinese accomplishments memorializing past discrimination and present prominence within a framework of multiculturalism This narrative however conceals many other histories and processes that played crucial roles in shaping Chinatown This book offers a critical account of the history of Chinese in Hawai i from the mid nineteenth century to the present in this context of U S empire settler colonialism and racialization Nancy E Riley foregrounds elements that are often left out of narratives of Chinese history in Hawai i particularly the place of Native Hawaiians geopolitics and U S empire building and the ongoing construction of race and whiteness Tracing how Chinatown became a site of historical remembrance she argues that it is also used to reinforce the ideology of neoliberal multiculturalism which upholds racial hierarchy by lauding certain ethnic groups while excluding others An insightful and in depth analysis of the story of Honolulu s Chinatown this book offers new perspectives on the making of the racial landscape of Hawai i and the United States more broadly *Fractured Feminisms* Laura

Gray-Rosendale, Gil Harootunian, 2012-02-01 This advanced analysis of gender issues in higher education represents a significant new turn in feminist thinking *Fractured Feminisms* resists and reshapes boundaries by investigating how gender studies intersection with race and ethnicity class postcoloniality sexuality globalization interdisciplinarity technology studies and administration exposes the silenced other of feminisms themselves These crucial conversations about feminisms depend upon facing the perplexing rhetorical problems within feminist debates yet work within these fractures to discover newly emerging productive feminist practices This book contends that it s important to better understand the ways in which feminist rhetorics both empower and constrain and the kinds of identities feminisms afford as well as deny *American Chinatown* Bonnie Tsui, 2009-08-11 CHINATOWN U S A a state of mind a world within a world a neighborhood that exists in more cities than you might imagine Every day Americans find something different in Chinatown s narrow lanes and overflowing markets tasting exotic delicacies from a world apart or bartering for a trinket on the street all without ever

leaving the country It's a place that's foreign yet familiar by now quite well known on the Western cultural radar but splitting the difference still gives many visitors to Chinatown the sense above all that things are not what they seem something everyone in popular culture from Charlie Chan to Jack Nicholson has been telling us for decades And it's true that few visitors realize just how much goes on beneath the surface of this vibrant microcosm a place with its own deeply felt history and stories of national cultural significance But Chinatown is not a place that needs solving it's a place that needs a more specific telling In *American Chinatown* acclaimed travel writer Bonnie Tsui takes an affectionate and attentive look at the neighborhood that has bewitched her since childhood when she eagerly awaited her grandfather's return from the fortune cookie factory Tsui visits the country's four most famous Chinatowns San Francisco the oldest New York the biggest Los Angeles the film icon Honolulu the crossroads and makes her final fascinating stop in Las Vegas the newest this Chinatown began as a mall in her explorations she focuses on the remarkable experiences of ordinary people everyone from first to fifth generation Chinese Americans *American Chinatown* breaks down the enigma of Chinatown by offering narrative glimpses intriguing characters who reveal the realities and the unexpected details of Chinatown life that American audiences haven't heard There are beauty queens celebrity chefs immigrant garment workers there are high school kids who are changing inner city life in San Francisco Chinese extras who played key roles in 1940s Hollywood new arrivals who go straight to dealer school in Las Vegas hoping to find their fortunes in their own vision of gold mountain Tsui's investigations run everywhere from mom and pop fortune cookie factories to the mall leaving no stone unturned By interweaving her personal impressions with the experiences of those living in these unique communities Tsui beautifully captures their vivid stories giving readers a deeper look into what Chinatown means to its inhabitants what each community takes on from its American home and what their experience means to America at large For anyone who has ever wandered through Chinatown and wondered what it was all about and for Americans wanting to understand the changing face of their own country *American Chinatown* is an all access pass
