Sailing To The Reefs:

Sailing to the Reefs Bernard Moitessier, 1971 Bernard Moitessier is considered one of the greatest blue water sailors of the 20th century Best known perhaps for abandoning the Sunday Times Golden Globe singlehanded round the world race when in the lead in order to make almost another complete circumnavigation the same race in which Donald Crowhurst's boat was found mid Atlantic after his suicide he was already a legend in the making This book is Moitessier's first and it tells the story very charmingly of his shipwreck in the Indian Ocean after a monumental monsoon and how he built himself a new boat from scratch with no boat plans power tools or financial resources in just 9 months He made his own rope from nylon scraps found on the quay built his own galvanized steel water tanks and sewed his own sails With a commentary by Adlard Coles on heavy weather sailing Sailing to the Reefs offers a treasury of practical hints for the self-reliant sailor and an entertaining read for armchair cruisers
