Sex Scandal William A. Cohen, 1996 Never has the Victorian novel appeared so perverse as it does in these pages and never has its perversity seemed so fundamental to its accomplishment By viewing this fiction alongside the most alarming public scandals of the day Cohen exposes both the scandalousness of this literature and its sexiness In narratives ranging from Great Expectations to the Boulton and Park sodomy scandal of 1870 71 from Eliot s and Trollope s novels about scandalous women to Oscar Wilde s writing and his trials for homosexuality Cohen shows how in each instance sexuality appears couched in coded terms He identifies an assortment of cunning narrative techniques used to insinuate sex into Victorian writing demonstrating that even as such narratives air the scandalous subject they emphasize its unspeakable nature Written with an eye toward the sex scandals that still whet the appetites of consumers of news and novels this work is suggestive about our own modes of imagining sexuality today and how we arrived at them **BOOK JACKET** **"Clearing the Ground"** Carmen Szabo, 2009-03-26 Clearing the Ground The Field Day Theatre Company and the Construction of Irish Identities studies the Field Day Theatre Company with special focus on the plays that they put on stage between 1980 and 1995 it attempts to dissect their policy and observe the way in which this policy influences the discourse of the theatrical productions Was Field Day simply the cultural wing of Sinn Fein and the IRA or did they try to give voice to a new critical discourse challenging the traditional frames of representation This book focuses on a thorough analysis of the way in which Field Day applied the concepts of postcolonial discourse to their own needs of creating a foundation for the ideological manifesto of the company This study is a critique of the successes and failures of a theatre company that in a period of political and cultural crisis engaged in innovative ways of discussing the sensitive issues of identity memory and history in Northern Ireland and the Republic of Ireland Catholic Heroes of Civil and Human Rights Matthew Daniels, Roxanne King, 2024-09-13 This inspiring work profiles sixteen heroic Catholic men and women who defied the odds to advance civil and human rights around the world Spanning from the birth of the United States to World War II Germany to the current Latin American immigration crisis this book features people whose faith drove them to courageously defend the dignity of the children of God especially the most vulnerable transforming many lives and paving the way for a more equitable society To understand human rights however we need theology Supported by official Church documents each chapter is themed on one of the pillars of Catholic social teaching freedom perseverance hope justice and conscience These short compelling biographies of figures who exemplify each pillar demonstrate how the teachings of Christ through his Church can drive ordinary believers to do extraordinary deeds Among the heroes are former slave Venerable Father Augustine Tolton Austrian farmer Blessed Franz J gerst tter Native American catechist Nicholas Black Elk Servant of God Dorothy Day Saint Katharine

Broken Eggs Eduardo Machado, 2005 It's 1979 and Lizette Marquez is about to marry a nice Jewish boy in a ceremony at Woodland Hills Country Club that is costing thousands of dollars While she and her extended three generational family enjoy the fruits of material success in their adopted country they remain haunted by memories of Cuba They experience the cultural divide faced by Cuban Americans who feel they are 3000 miles from their real lives In their idle fantasies Cuba might still be reclaimed so they cling to memories of a society displaced by the revolution Writing and Victorianism J.B. Bullen, 2014-06-06 Writing and Victorianism asks the fundamental question what is Victorianism and offers a number of answers taken from methods and approaches which have been developed over the last ten years This collection of essays written by both new and established scholars from Britain and the U S A develops many of the themes of nineteenth century studies which have lately come to the fore touching upon issues such as drugs class power and gender Some essays reflect the interaction of word and image in the nineteenth century and the notion of the city as spectacle others look at Victorian science finding a connection between writing and the growth of psychology and psychiatry on the one hand and with the power of scientific materialism on the other As well as key figures such as Dickens Tennyson and Wilde a host of new names

are introduced including working class writers attempting to define themselves and writers in the Periodical press who once anonymous exercised a great influence over Victorian politics taste and social ideals From these observations there emerges a need for self definition in Victorian writing History ancestry and the past all play their part in figuring the present in the nineteenth century and many of these studies foreground the problem of literary social and psychological identity

Paul McAuley, 2017-07-20 **THE QUIET WAR** Who decides what it means to be human Twenty third century Earth has been ravaged by climate change and is now dominated by a few powerful families with millions of people in prison and millions more labouring to rebuild ruined ecosystems Meanwhile on Jupiter and Saturn live the Outers They have built a wild variety of scientific utopias crammed with exuberant creations of the genetic arts Now they want to colonise Earth and drive human evolution in a new direction On Earth some want to launch a pre-emptive strike against the Outers while others wish to exploit the talents of the gene wizards It is clear that the fragile detente between the two branches of humanity is breaking down and they may be heading towards war **GARDENS OF THE SUN** The Quiet War is over A century of enlightenment rational utopianism and exploration of new ways of being human has fallen dark But victory is fragile and riven by vicious internal politics While seeking out and trying to anatomise the strange gardens abandoned in place by Avernus the Outers greatest genius the gene wizard Sri Hong Owen is embroiled in the plots and counterplots of the family that employs her The diplomat Loc Ifrahim soon discovers that profiting from victory isn't as easy as he thought And in Greater Brazil the Outers democratic traditions have infected a population eager to escape the tyranny of the great families who rule them After such a conflict only one thing is clear No one can escape the consequences of war especially the victors **Mojo** Tim

Tharp, 2014-04-08 All Dylan wants is mojo What is mojo It's power The ability to command respect It's everything Dylan doesn't have He gets no respect at school and when he finds the dead body of a classmate even the police push him around All the thanks he gets for trying to help the investigation with his crime drama skills is a new nickname at school Body Bag So when Dylan hears about a missing rich girl from the other side of town he jumps at the chance to dive into this mystery Surely if he cracks a case involving a girl this beautiful and this rich he'll get not only a hefty cash reward but the mojo he's looking for His investigation takes him into the world of an elite private high school and an underground club called Gangland As Dylan along with his loyal friends Audrey and Randy falls down the rabbit hole lured by the power of privilege he begins to lose himself And the stakes of the game keep getting higher **Visions of Queer Martyrdom from John**

Henry Newman to Derek Jarman Dominic Janes, 2015-04-27 Dominic Janes is at pains here to highlight the role played by Christianity in the history of homosexuality in Britain His story deals not merely with genital relations but also with identities both embraced and refused Necessarily coded expressions of desire as well as creative blurrings between religious idealism and queer gender and sexuality are integral to Janes's account A special focus for Janes is the way in which visual images and imaginary visions of suffering in ecclesiastical contexts were used to develop concepts of male same sex desire that projected

the self as dutiful and penitent rather than shameful And so a model and in ways a substitute for same sex relationships was readily available in idealizations of the person and body of Christ as unmarried queer martyr Homosexual desires and identities prove to have unfolded in creative dialogue with religion during and since the 19th century Various figures enter into Janes s history from Cardinal Newman and Oscar Wilde to artists such as Simeon Solomon and Frederick Rolfe and the plot thickens with forays into Victorian monasteries that functioned as queer families with fascinating side trips into Rolfe s Christmas cards as expressions of queer aesthetic identity He brings the account full circle with a concluding chapter on the life and works of Derek Jarman Janes uses this case to show that the experience of the AIDS epidemic led to a reconnection with older modes of queer self expression specifically concerned with the endurance of suffering The religious roots of queer creativity are a vital resource for modern churches and openly gay men and women to learn from
