Pacific Arts Newsletter ,1975 **"Where to Start, where to Stop?"** Lewis Hill,Sue Giles,1995 **Junk** Gillian Whiteley,2010-11-30 Trash garbage rubbish dross and detritus in this enjoyably radical exploration of Junk Gillian Whiteley rethinks art s historical and present appropriation of junk within our eco conscious and globalised culture She does this through an illustrated exploration of particular materials key moments and locations and the telling of a panoply of trash narratives Found and ephemeral materials are primarily associated with assemblage object based practices which emerged in the mid 1950s and culminated in the seminal exhibition The Art of Assemblage in New York in 1961 With its deployment of the discarded and the filthy Whiteley argues assemblage has been viewed as a disruptive transgressive artform that engaged with narratives of social and political dissent often in the face of modernist condemnation as worthless kitsch In the Sixties parallel techniques flourished in Western Europe the US and Australia but the idiom of assemblage and the re use of found materials and objects with artist as bricoleur is just as prevalent now This is a timely book that uncovers the etymology of waste and the cultures of disposability within these economies of wealth **A New Guinea Bibliography** ,1984
