Here a seasoned fisherman presents the tackle, techniques, lures, baits and strategies to be successful at catching all the big four from the surf in bays and on ocean going boats. Beginning with a practical discussion of the natural history and habits of these species, the book offers in depth coverage of proven fish catching methods such as trolling, jigging and drift fishing from boats using artificials and natural baits from shore and fishing from bridges and piers. A host of highly effective rigs are all described and illustrated in detail as are useful fishing knots. Chapters on saltwater fly fishing, cleaning and preparing the catch and delicious recipes round out this essential guide for any saltwater fisherman.
