Scrolls Gotthard Deutsch, 1917 Reading and Re-Reading Scripture at Qumran (2 vol. set) Moshe J.

Bernstein, 2013-06-21 In Reading and Re-reading Scripture at Qumran Moshe J. Bernstein gathers more than three decades of his work on diverse aspects of biblical interpretation in the Dead Sea Scrolls. The essays range from broad surveys of the genres of biblical interpretation in these texts to more narrowly focused studies and close readings of specific documents. Volume I focuses on the book of Genesis with a substantial portion being dedicated to studies of the Genesis Apocryphon and Commentary on Genesis. A Volume II contains several historical and programmatic essays with specific studies focusing on legal material in the DSS and the pesharim. Under the former rubric the documents known as 4QRevised Pentateuch, 4QOrdinances, 4QMMT and the Temple Scroll are discussed. Daily, Sabbath, and Festival Prayers in the Dead Sea Scrolls

Daniel K. Falk, 2018-11-26 All the evidence for daily sabbath and festival prayers in the Qumran scrolls is analysed in detail document by document. On the basis of formal features and social liturgical setting these prayers are compared with each other to uncover divergent prayer traditions. Comparative material beyond the scrolls is used to reassess their place in the development of Jewish prayer. Evidence for prayers of different origin found at Qumran is important for reconsidering the nature of the scrolls, the community which used them and the history of Jewish liturgy. For several texts significant new reconstructions are offered. Scribal Practice, Text and Canon in the Dead Sea Scrolls, 2019-09-16 This volume contains 17 essays on the subjects of text canon and scribal practice. The volume is introduced by an overview of the Qumran evidence for text and canon of the Bible. Most of the text critical studies deal with texts from the Dead Sea Scrolls including sectarian as well as canonical texts. Two essays shed light on the formation of authoritative literature. Scribal practice is illustrated in various ways again mostly from the Dead Sea Scrolls. One essay deals with diachronic change in Qumran Hebrew. Rounding out the volume are two thematic studies: a wide ranging study of the ambiguous oracle of Josephus which he identifies as Balaam's oracle and a review of the use of female metaphors for Wisdom. **The Meaning of the Letter of Aristeas**

Ekaterina Matusova, 2015-05-20 Ekaterina Matusova offers a new approach to the old problems of interpretation of the Letter of Aristeas. Chapter 1 deals with the question of the structure of the narrative. Matusova argues that at the time of Aristeas compositions of the kind of the Revised Pentateuch or Rewritten Bible were circulating in Egypt in parallel with the LXX and were a source of interpretations of the Hebrew text different from the LXX and of specific combinations of subjects popular in Second Temple Judaism. In particular Matusova further argues that the leading principle of the composition of the Letter is that of the Revised Deuteronomy where subjects referring to the idea of following the Law among the gentiles were grouped together. The analysis is based on a broad circle of Jewish sources including Philo of Alexandria and documents from the Qumran library. The principle of the composition discovered in this part of the study is referred to as the Jewish paradigm. Chapter 2 offers a new interpretation of the frame story in the narrative i.e. of the story of the translation in the

strict sense Matusova shows that two paradigms are skilfully combined in this split story the Jewish one based on the Bible and the Greek one which involves Greek grammatical theory She further argues that the story when read in terms of Greek grammar turns out to be a consistent story not of the translation but of the correction of the LXX which is important for our understanding of the early history of the translation The analysis involves extensive excurses into Greek grammatical theory including a discussion of Aristotle Dionysius Thrax and other Hellenistic grammarians In Chapter 3 Matusova tries to find the reason for the combination of these two paradigms namely the Jewish biblical paradigm and the Greek grammatical ones and to interpret their interconnected meaning by placing it in the broad historical context of the Ptolemaic state **Manières**

together side by side respectful of one another in dignity and peace *Salvation for the Righteous Revealed* Ed Condra, 2018-12-10 Why is there such an ethical emphasis in Jesus gospel proclamation This work finds the answer in Jesus meeting his audience within their own conceptual realms and then expanding those realms to point to the nature of his salvation The bulk of this work investigates the soteriology of Second Temple Judaism especially of the Qumran Scrolls The apocalyptic lesson was the demand of a greater covenantal obedience held in tension with God's grace a demand met through sectarian revelation and involving a somewhat diverse messianism Within these conceptions Jesus affirms that salvation is indeed for the righteous but as defined through himself as the unique Messiah This work is particularly useful regarding the Jesus Paul debate for it provides a diachronic solution grounded in the cultural historical milieu of the times

Pneuma and Realized Eschatology in the Book of Wisdom Matthew Edwards, 2012-08-15 The Book of Wisdom's understanding of Israel's history of contemporary politics and of the immortal fate of the persecuted sage can be understood to be part of one theological system This system integrates texts and concepts from Jewish Wisdom the biblical narratives of the patriarchs from Adam to Moses eschatological hope and apocalyptic language an understanding of the spirit of God in the enabling of prophets and leaders and most distinctively the Stoic concept of pneuma This last concept unites the biblical resources and allows Wisdom using eschatological language to speak of the ordering of the cosmos for the judgement for the wicked and the exaltation of God's people in the present age Matthew Edwards addresses first the question of the literary unity of Wisdom This is followed by an examination of the differing uses of the term pneuma within Wisdom that is as divine agent of salvation the means of the ordering the cosmos and the substance from which souls are composed The nature of personal salvation within Wisdom is also considered and shown to be an integral part of the understanding of the cosmos ordered for judgement and exaltation Finally this notion of the ordering of the cosmos and history for God's people is discussed with its consequences for Jewish life under contemporary Hellenistic and Roman rule **Ancient Religiosities in**

Dialogue: Greek, Roman, Jewish, and Christian Teresa Morgan, 2025-08-25 Jurisprudence and Theology Joseph E. David, 2014-09-18 The book provides in depth studies of two epistemological aspects of Jewish Law Halakhah as the Word of God the question of legal reasoning and the problem of knowing and remembering How different are the epistemological concerns of religious law in comparison to other legal systems In what ways are jurisprudential attitudes prescribed and dependent on theological presumptions What specifies legal reasoning and legal knowledge in a religious framework The author outlines the rabbinic jurisprudential thought rooted in Talmudic literature which underwent systemization and enhancement by the Babylonian Geonim and the Andalusian Rabbis up until the twelfth century The book develops a synoptic view on the growth of rabbinic legal thought against the background of Christian theological motifs on the one hand and Karaite and Islamic systemized jurisprudence on the other hand It advances a perspective of legal theology that combines analysis of jurisprudential reflections and theological views within a broad historical and intellectual framework The book

advocates two approaches to the study of the legal history of the Halakhah comparative jurisprudence and legal theology based on the understanding that jurisprudence and theology are indispensable and inseparable pillars of legal praxis

Encyclopaedia Judaica: Her-Int Fred Skolnik, Michael Berenbaum, 2007 Provides an exhaustive and organized overview of Jewish life and knowledge from the Second Temple period to the contemporary State of Israel from Rabbinic to modern Yiddish literature from Kabbalah to Americana and from Zionism to the contribution of Jews to world cultures *In the Seat of Moses* Jack N. Lightstone, 2020-08-18 In the Seat of Moses offers readers a unique frank and penetrating analysis of the rise of rabbinic Judaism in the late Roman period Over time and through masterly rhetorical strategy rabbinic writings in post temple Judaism come to occupy an authoritarian place within a pluralistic tradition Slowly the rabbis occupy the seat of Moses and Lightstone introduces readers to this process to the most significant texts to the rhetorical styles and appeals to authority and even to how authority came to be authority As a seasoned and honest scholar Lightstone achieves his goal of introducing novice readers to the often obscure world of rabbinic literary conventions with astounding success This book is an excellent contribution to the Westar Studies series focused on religious literacy The Language of Belonging Mary Katherine Birge, 2002 By employing a rigorous historio rhetorical exegesis of each unit in chaps 3 6 and 14 Birge explores how Paul in his First Letter to the Corinthians used the same kinship images and language in different pastoral situations to address the situation of disharmony and division among the Corinthians 1 10 She investigates the possible sources for Paul's ideas about kinship images and language by examining likely influences on him from his social and historical matrix Jewish literature and the practice of Hellenistic rhetoric After concluding that Paul drew on these two cultural and religious resources to craft his argument for unity she asserts that what was new for him was finding the genetic material of kinship in Christ rather than in fidelity to God and the Torah She also claims that what was new for Early Christianity was the notion that the state of being in Christ dissolved all boundaries of status and privilege that Greco Roman society had established among people who were not kin
