Sculptures Of The Museum In Antalya I:

Sculptures of the Museum in Antalya M. Edip Özgür, 1996 Primarily Roman sculpture from the second century A D from the extinct city of Perge *The Oxford Handbook of Roman Sculpture* Elise A. Friedland, Melanie Grunow Sobocinski, Elaine K. Gazda, 2015 The study of Roman sculpture has been an essential part of the disciplines of Art History and Classics since the eighteenth century Famous works like the Laocoön the Arch of Titus and the colossal portrait of Constantine are familiar to millions Again and again scholars have returned to sculpture to answer questions about Roman art society and history Indeed the field of Roman sculptural studies encompasses not only the full chronological range of the Roman world but also its expansive geography and a variety of artistic media formats sizes and functions Exciting new theories methods and approaches have transformed the specialized literature on the subject in recent decades Rather than creating another chronological catalogue of representative examples from various periods genres and settings *The Oxford Handbook of Roman Sculpture* synthesizes current best practices for studying this central medium of Roman art situating it within the larger fields of Art History Classical Archaeology and Roman Studies This comprehensive volume fills the gap between introductory textbooks and highly focused professional literature *The Oxford Handbook of Roman Sculpture* conveniently presents new technical scientific literary and theoretical approaches to the study of Roman sculpture in one reference volume while simultaneously complementing textbooks and other publications that present well known works in the corpus The contributors to this volume address metropolitan and provincial material from the early republican period through late antiquity in an engaging and fresh style Authoritative innovative and up to date *The Oxford Handbook of Roman Sculpture* will remain an invaluable resource for years to come **The Directory of Museums & Living Displays** Kenneth Hudson, Ann Nicholls, 1985-06-18 **Sculptures from Roman Syria II** Mustafa Koçak, Detlev Kreikenbom, 2022-12-05 For the first time this publication comprehensively documents and analyzes the Greek and Roman statuary discovered to date in the greater area of Syria The text portion describes nearly all monuments in detail and classifies them in the context of the history of ancient sculpture The associated volume of plates documents every item in detail typically with four photographic views **Sculptures of the Museum in Antalya** Edip Özgür, 2008 **Colossae in Space and Time** Alan H. Cadwallader, Michael Trainor, 2011-12-07 The ancient site of Colossae in south west Turkey has been sorely neglected by archaeologists and biblical commentators It has never been excavated Modern scholarship in general has been content to repeat nineteenth century assessments especially those of J B Lightfoot and W M Ramsay This is the first modern contribution to gather the archaeological historical classical and biblical materials related to the site and its region some of which is published in English for the first time It marks a major step forward in scholarship on Colossae and is designed to restore Colossae to time and space to its material and comparative significance Colossae emerges as a site of uninterrupted human activity in dynamic interaction with its neighbours from before the Achaemenid period to beyond the end of Byzantine

control Evidence of a chalcolithic origin of Colossae is presented along with an assessment of the relationship of the site to the modern city of Honaz An array of international scholars have brought their specialisations in various periods and disciplines to yield a radically new assessment of the history and importance of the site All future scholarship will be able to use this volume as the necessary foundation for research The volume includes the first chronology of the ancient site and the first English translation of the key Byzantine text centred on the ancient city as well as major new insights into the text of the Epistle to the Colossians

Shaky Ground Elizabeth Marlowe, 2013-10-10 The recent crisis in the world of antiquities collecting has prompted scholars and the general public to pay more attention than ever before to the archaeological findspots and collecting histories of ancient artworks This new scrutiny is applied to works currently on the market as well as to those acquired since and despite the 1970 UNESCO Convention which aimed to prevent the trafficking in cultural property When it comes to famous works that have been in major museums for many generations however the matter of their origins is rarely considered Canonical pieces like the Barberini Togatus or the Fonseca bust of a Flavian lady appear in many scholarly studies and virtually every textbook on Roman art But we have no more certainty about these works archaeological contexts than we do about those that surface on the market today This book argues that the current legal and ethical debates over looting ownership and cultural property have distracted us from the epistemological problems inherent in all ostensibly ancient artworks lacking a known findspot

problems that should be of great concern to those who seek to understand the past through its material remains **Roman Archaeology for Historians** Ray Laurence, 2012-06-25 Roman Archaeology for Historians provides students of Roman history with a guide to the contribution of archaeology to the study of their subject It discusses the issues with the use of material and textual evidence to explain the Roman past and the importance of viewing this evidence in context It also surveys the different approaches to the archaeological material of the period and examines key themes that have shaped Roman archaeology At the heart of the book lies the question of how archaeological material can be interpreted and its relevance for the study of ancient history It includes discussion of the study of landscape change urban topography the economy the nature of cities new approaches to skeletal evidence and artefacts in museums Along the way readers gain access to new findings and key sites many of which have not been discussed in English before and many for which access may only be gained from technical reports Roman Archaeology for Historians provides an accessible guide to the development of archaeology as a discipline and how the use of archaeological evidence of the Roman world can enrich the study of ancient history while at the same time encouraging the integration of material evidence into the study of the period s history This work is a key resource for students of ancient history and for those studying the archaeology of the Roman period **The Archaistic Style in Roman Statuary** M.D. Fullerton, 2018-07-17 This book deals with the use of archaistic stylistic elements i e those which revive or imitate features of Greek Archaic art in free standing statuary dating from the second century B C to the third century A C The main objective of the study is to determine how the archaistic style was used what prototypes were imitated what subjects were represented how the replicas of statue types were distributed how these statues were displayed and what prompted such stylistic anachronism The introductory chapter deals with general problems of archaism in ancient art and the specific questions pertaining to statuary in the round The body of material nearly three hundred pieces in all is organized by type on the basis of pose and garment arrangement In a concluding chapter evidence from the body of the study is collected and possible answers are suggested for the questions outlined above This study contributes to the currently widespread scholarly interest in stylistic revivals especially classicism and archaism which occurred not only in Roman times but in earlier and later periods as well *Antalya Museum* M.
