Tobias Churton, 2018-11-27 Unveils the spiritual meaning that fueled the artistic political and social revolutions of the 1960s Investigates the spiritual principles that informed everything from the civil rights and anti war movements to the hippies rejection of materialist culture to the rise of feminism gay rights and environmentalism Reveals how medieval troubadours Gnosticism Renaissance hermetic magic and the occult doctrines of Aleister Crowley helped shape the psychedelic Sixties Offers in depth analysis of many of the era s most famous books films and music No decade in modern history has generated more controversy and divisiveness than the tumultuous 1960s For some the 60s were an era of free love drugs and social revolution For others the Sixties were an ungodly rejection of all that was good and holy Embarking on a profound search for the spiritual meaning behind the massive social upheavals of the 1960s Tobias Churton turns a kaleidoscopic lens on religious and esoteric history industry science philosophy art and social revolution to identify the meaning behind all these diverse movements Engaging with views of mainstream historians some of whom write off this pivotal decade as heralding an overall decline in moral values and respect for tradition Churton examines the intricate network of spiritual forces at play in the era He reveals spiritual principles that united the free love movement the civil rights and anti war movements the hippies rejection of materialist culture and the eventual rise of feminism gay rights and environmentalism He traces influences from medieval troubadours Gnosticism Hindu philosophy Renaissance hermetic magic and the occult doctrines of Aleister Crowley He also examines the psychedelic revolution the genesis of popular interest in UFOs and the psychological consequences of the Bomb and the assassinations of the Kennedys and Martin Luther King In addition Churton investigates the huge shifts in consciousness reflected in the movies music art and literature of the era from Frank Sinatra to the Beatles from I Love Lucy to Star Trek from John Wayne to Midnight Cowboy much of which still resonates with the youth of today Taking the reader on

a long strange trip from crew cuts and Bermuda shorts to Hair and Woodstock from liquor to psychedelics from uncool to cool and from matter to Soul Churton shows how the spiritual values of the Sixties are now reemerging with an astonishing influx of spiritual light to once again awaken us

***All Bullshit and Lies?*** Chris Heffer,2020-07-01 In a postfactual world in which claims are often held to be true only to the extent that they confirm pre existing or partisan beliefs this book asks crucial questions how can we identify the many forms of untruthfulness in discourse How can we know when their use is ethically wrong How can we judge untruthfulness in the messiness of situated discourse Drawing on pragmatics philosophy psychology and law *All Bullshit and Lies* develops a comprehensive framework for analyzing untruthful discourse in situated context TRUST or Trust related Untruthfulness in Situated Text sees untruthfulness as encompassing not only deliberate manipulations of what is believed to be true the insincerity of withholding misleading and lying but also the distortions that arise from an irresponsible attitude towards the truth dogma distortion and bullshit Chris Heffer discusses times when truth is not in play as in jokes or fiction as well as instances when concealing the truth can achieve a greater good The TRUST framework demonstrates that untruthfulness becomes unethical in discourse though when it unjustifiably breaches the trust an interlocutor invests in the speaker In addition to the theoretical framework this book provides a clear practical heuristic for analyzing discursive untruthfulness and applies it to such cases of public discourse as the Brexit battle bus Trump s tweet about voter fraud Blair and Bush s claims about weapons of mass destruction and the multiple forms of untruthfulness associated with the Skripal poisoning case In *All Bullshit and Lies* Chris Heffer turns a critical eye to fundamental questions of truthfulness and trust in our society This timely and interdisciplinary investigation of discourse provides readers a deeper theoretical understanding of untruthfulness in a postfactual world
