Best Practices in Development Co-operation Toolkit to Support Implementation of the OECD DAC Recommendation on Ending Sexual Exploitation Abuse and Harassment OECD, 2024-06-28 This Toolkit synthesises learning and examples gathered from Development Assistance Committee (DAC) members and partners including their work through international fora such as the OECD as well as additional research. It aims to support DAC members and partners in deepening their work and accelerate progress on any number of topics contained within the DAC Recommendation's six pillars: Progress in Sexual Exploitation Abuse and Harassment (SEAH) prevention and response can be very incremental and difficult to measure in part because it relies on addressing the many underlying factors that support the perpetuation of SEAH such as cultural and social norms as well as power dynamics. This Toolkit aims to support progress by DAC members on both technical and political levels as well as support their coordination efforts with their partners to work towards long-term sustainable change.
