**American Drawings and Watercolors in the Metropolitan Museum of Art** Stephanie L. Herdrich, John Singer Sargent, Helene Barbara Weinberg, Marjorie Shelley, Metropolitan Museum of Art (New York, N.Y.), 2000 The Museum's collection illuminates all aspects of Sargent's career The drawings and watercolors in particular reflect his activity outside the portrait studio his sojourns in Spain Morocco and elsewhere in North Africa and in the Middle East his enduring fascination with Venice his holidays in the Italian lake district and the Alps his tours of North America including Florida and the Rocky Mountains his visit as an official war artist to the western front in 1918 and his work as a muralist at the Boston Public Library the Museum of Fine Arts Boston and Harvard University's Widener Library BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Likenesses* Matthew Reynolds, 2017-07-05 Translation illustration and interpretation have at least two things in common They all begin when sense is made in the act of reading that is where illustrative images and explanatory words begin to form And they all ask to be understood in relation to the works from which they have arisen reading them is a matter of reading readings *Likenesses* explores this palimpsestic realm with examples from Dante to the contemporary sculptor Rachel Whiteread The complexities that emerge are different from Empsonian ambiguity or de Man's unknowable infinity of signification here meaning dawns and fades as the hologrammic text is filled out and flattened by successive encounters Since all literature and art is palimpsestic to some degree Reynolds proposes this style of interpretation can become a tactic for criticism in general Critics need both to indulge and to distrust the metamorphic power of their interpreting imaginations *Likenesses* follows on from the argument of Reynolds's *The Poetry of Translation* 2011 extending it through other translations and beyond them into a wide range of layered texts Browning emerges as a key figure because his poems laminate languages places times and modes of utterance with such compelling energy There are also substantial innovative accounts of Dryden Stubbs Goya Turner Tennyson Ungaretti and many more
