Iban Ritual Textiles Traude Gavin, 2022-07-04 The Malay World of Southeast Asia Patricia Lim Pui Huen, 1986 Over 5 000 entries arranged in four parts Part I comprises reference and general works to provide a guide to information on Southeast Asia Part II provides the setting of space and time Part III features the people and Part IV the many facets of culture and society language ideas beliefs values institutions creative expression and social and cultural change Within each section the arrangement is geographical beginning with Southeast Asia as a whole followed by the various countries in alphabetical order Beyond the Green Myth Peter G. Sercombe, Bernard Sellato, 2008-03-18 Borneo with its tales of White Rajahs and tribes of headhunters has long excited the Western imagination Today however there is another green imagination at work Mention of the island is more likely to evoke images of tropical deforestation and concern about the cruel dispossession and displacement of indigenous peoples who once lived in relative harmony with their environment It is perhaps not suprising then that most books dealing with the nomadic hunter gatherers of Borneo have principally been pictorial studies There is indeed a dearth of scholarship regarding these peoples a situation that this first ever comprehensive review of nomadic groups in the Borneo rain forest aims to rectify Presenting a wealth of new research contributed by an international team of scholars the volume covers all of those parts of Borneo where nomads called Penan Punan or by various other names are or were known to exist and provides a comparative historical ecological study of these groups The study is primarily concerned with issues of modernization including the monetary economy formalized institutions centralized power structures contractual relationships and extraction activities and development policies The impact of these policies is analyzed with special regard to the natural environment inhabited by these small scale societies as well as the use of its resources The book has no stiff theoretical orientation but informs ongoing debates about changing forms of ethnicity relations between minorities and the state minorities rights and survival native discourse the sustainability of tropical forest use and the neo romantic environmentalist myth of so called wise traditional peoples **The Indecent Theologies of Marcella Althaus-Reid** Lisa Isherwood, Hugo Córdova Quero, 2020-12-30 This book celebrates the legacy of theologian Marcella Althaus Reid 1952 2009 and her particular influence in Asia and South America Her work has served as a significant source of inspiration to many scholars ministers and activists challenging heteronormative theologies but her sudden death in 2009 cut short the nascent and elegant theological thought for which she so valued Contributors to this book succinctly investigate aspects of the vast work of Althaus Reid by discussing issues of gender race and sexuality in Asia and South America utilising the liberation queer and indecent theologies she espoused Each chapter demonstrates how her legacy is alive and thriving today but also points towards the potential future impact of her prolific theological output By highlighting the ground breaking work of Althaus Reid this book will serve as a key reference for scholars of Liberation

Queer and Indecent Theology as well as Asian and Latinx religions *Nomads of the Borneo Rainforest* Bernard Sellato, 1994-08-01 The Punan societies of Borneo traditionally nomadic rainforest hunters and gatherers have undergone a transformation over the past centuries As downriver farming peoples expanded upstream and their cultures and technologies diffused the Punan gradually abandoned their nomadic existence for a more sedentary life of trade related activities and subsistence agriculture But the culture that has emerged from these changes is still based on the enduring ideological premises of nomadism This study historical in perspective examines the many factors ecological economic commercial political social cultural and ideological that have played a part in this continuing transformation Foreword by Georges Condominas **The Encyclopaedia of Iban Studies: Appendices, checklist, bibliography, indexes, notes on editors** Vinson H.
