Representing the Other in Modern Japanese Literature Rachael Hutchinson,Mark Williams,2006-09-27 Representing the Other in Modern Japanese Literature looks at the ways in which authors writing in Japanese in the twentieth century constructed a division between the Self and the Other in their work Drawing on methodology from Foucault and Lacan the clearly presented essays seek to show how Japanese writers have responded to the central question of what it means to be Japanese and of how best to define their identity Taking geographical racial and ethnic identity as a starting point to explore Japan s vision of non Japan representations of the Other are examined in terms of the experiences of Japanese authors abroad and in the imaginary lands envisioned by authors in Japan Using a diverse cross section of writers and texts as case studies this edited volume brings together contributions from a number of leading international experts in the field and is written at an accessible level making it essential reading for those working in Japanese studies colonialism identity studies and nationalism *Historical Dictionary of Modern Japanese Literature and Theater* J. Shaffer,1986-04-17 Addresses literary theory and criticism comparative studies in terms of theme genre movement and influence and interdisciplinary perspectives The 20th Century Go-N Frank N. Magill,2014-03-05 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography *Time Frames* Scott Nygren,2007 *Encyclopedia of the Novel* Paul Schellinger,2014-04-08 The Encyclopedia of the Novel is the first reference book that focuses on the development of the novel throughout the world Entries on individual writers assess the place of that writer within the development of the novel form explaining why and in exactly what ways that writer is important Similarly an entry on an individual novel discusses the importance of that novel not only from analyzing the particular innovations that novel has introduced and the ways in which it has influenced the subsequent course of the genre A wide range of topic entries explore the history criticism theory production dissemination and reception of the novel A very important component of the Encyclopedia of the Novel is its long surveys of development of the novel in various regions of the world **What is Literature?** Arthur Gibson,2007 The answer to the question what is literature has not been found This is the first book length attempt to find the answer by one author since Sartre in his 1948 book with the same title The book addresses issues such as how does literature speak to the world what is great writing what is originality what sorts of truths are there if any in creative writing The book uses hundreds of literary examples and confronts them with philosophy The book also explores some big questions about the meaning of life and sets them against a range of literature It asks questions like how does great science relate to literature The book advances the concept of counter intuition as part of the basis for answering the question what is literature The book is also concerned with practical matters such as the ways literature is involved with war corruption rights suffering and hope Mishima, Aesthetic Terrorist Andrew Rankin,2018-09-30 Half a century after his shocking samurai style suicide Yukio Mishima 1925 1970 remains a deeply controversial figure Though his writings and life story continue to fascinate readers around the world Mishima has often been scorned by scholars who view him as a frivolous figure whose work expresses little more than his own morbid personality In *Mishima Aesthetic Terrorist* Andrew Rankin sets out to challenge this perception by demonstrating the intelligence and seriousness of Mishima's work and thought Each chapter of the book examines one of the central ideas that Mishima develops in his writings life as art beauty as evil culture as myth eroticism as transgression the artist as tragic hero narcissism as the death drive Along with fresh readings of major works of fiction such as *The Temple of the Golden Pavilion* and *Patriotism* the book introduces less familiar works in different genres Special prominence is given to

Mishima's essays which contain some of his most brilliant writing. Mishima is concerned with such problems as the loss of certainties and absolute values that characterizes modernity and the decline of strong identities in a world of increasing uniformity and globalization. In his cultural criticism, Mishima makes an impassioned defense of free speech and he rails against all forms of authoritarianism and censorship. Rankin reads Mishima's artistic project up to and including his spectacular death as a single sustained lyric, an aggressive piece of performance art unfolding in multiple media. For all his rebellious energies, Mishima's work is suffused with a sense of ending: the end of art, the end of eroticism, the end of culture, the end of the world, and it is governed by a decadent aestheticism which holds that beautiful things radiate their most intense beauty on the cusp of their destruction. Erudite and authoritative yet written in clear, accessible prose, *Mishima: Aesthetic Terrorist* is essential reading for all those who seek a deeper understanding of this radical and provocative figure.

Shock and Naturalization in Contemporary Japanese Literature Carl Cassegård, 2007-03-29. This study introduces the concepts of naturalization and naturalized modernity and uses them as tools for understanding the way modernity has been experienced and portrayed in Japanese literature since the end of the Second World War. Special emphasis is given to four leading post-war writers: Kawabata Yasunari, Abe Kobo, Murakami Haruki, and Murakami Ryu. The author argues that notions of shock in modern city life in Japan, as exemplified in the writings of Walter Benjamin and George Simmel, while present in the work of older Japanese writers, do not appear to hold true in much contemporary Japanese literature. It is as if the shock impact of change has evolved as a naturalized or Japanized process. The author focuses on the implications of this phenomenon both in the context of the theory of modernity and as an opportunity to reevaluate the works of his chosen writers.

On the Bullet Train with Emily Brontë Judith Pascoe, 2019-01-23. While teaching in Japan, Judith Pascoe was fascinated to discover the popularity that Emily Brontë's novel *Wuthering Heights* has enjoyed there. Nearly 100 years after its first formal introduction to the country, the novel continues to engage the imaginations of Japanese novelists, filmmakers, manga artists, and others, resulting in numerous translations, adaptations, and dramatizations. *On the Bullet Train with Emily Brontë* is Pascoe's lively account of her quest to discover the reasons for the continuous Japanese embrace of *Wuthering Heights*, including quite varied and surprising adaptations of the novel. At the same time, the book chronicles Pascoe's experience as an adult student of Japanese. She contemplates the multiple Japanese translations of Brontë, as contrasted to the single or non-existent English translations of major Japanese writers. Carrying out a close reading of a distant country's *Wuthering Heights*, Pascoe begins to see American literary culture as a small island on which readers are isolated from foreign literature. In this and in her previous book *The Sarah Siddons Audio Files*, Pascoe's engaging narrative innovates a new scholarly form involving immersive research practice to attempt a cross-cultural version of reader response criticism. *On the Bullet Train with Emily Brontë* will appeal to scholars in the fields of 19th-century British literature, adaptation studies, and Japanese literary history.
